RELIEVING THE SUFFERERS

EIGHTEEN PERSONS KILLED IN BIRMINGHAM.

SEVERAL SLAIN AT IRONDALE

ANOTHER SEVERE STORM IS REPORTED IN GEORGIA.

Birmingham, Ala., March 26.—Detailed reports show that yesterday's tornado visited practically every hamlet in Jefferson county, after passing through this city. Although no complete list of the dead and injured has been compiled, eighteen persons are known to have been killed and between thirty and forty badly injured.

Following were the points visited by the storm:

Birmingham, Pratt City, Bessemer, Irondale, Brighton, North Birmingham, Trussville, Weems, Woodlawn, and Avondale.

DEAD AT IRONDALE.

At Irondale the dead are:

G .W. Gardner, white, carpenter.

Mamie Hunter, colored, aged 4.

Clarence Hunter, colored, aged 10.

Injured:

Mark Triplett, Clay Gore, Wm. Gardner. Twenty houses were destroyed.

At Brighton the school house was demolished and the daughters of Mrs. Studder and Mrs. Walker were severely injured.

At Pratt City the Methodist church, the high school building, the commissarate of the Tennessee Coal and Iron company and thirty negro shacks were demolished.

The villages of Trussville and Weems are reported destroyed, but no word has been received from them direct, as all telegraph and telephone wires are down.

Scores of houses were damaged in North Birmingham, Woodlawn and Avondale, but no loss of life is reported there.

RELIEF FOR SUFFERERS.

Today's efforts in the storm stricken section of Birmingham were directed toward giving relief to those who lost everything.

Troops guarded the devastated district last night. Firemen and policemen continue to search the ruins but no more bodies were found.

Mayor Drennen, who is directing the relief work, estimates that $10,000 will relieve the immediate wants of the sufferers. The larger part of this has been raised. A citizens' meeting was held at noon to organize for the distribution of the funds. As the larger number of the sufferers are negroes and the poorer classes of whites, the suffering among many of them has been acute.

Just how many people were hurt in the storm probably never will be known. Many paid no heed to their wounds in their anxiety to save their scattered household effects or look after the dead and more seriously wounded Names of about fifty wounded have been obtained but this is thought to be only about half the number who were hurt.

In this city the property loss is estimated at two to three hundred thousand dollars.

CYCLONE IN MICHIGAN.

Kalamazoo, Mich., March 26.—The cyclone which swept across the southeast corner of Kalamazoo county yesterday afternoon cut off communication with the outside world and resulted in largely exaggerated reports of the loss of life and property in the district.

Up to noon today no fatalities have been reported and but two persons are known to have been seriously hurt.

They are Mrs. N. Tripp and Miss Snyder, both of the village of Pavilion, where the storm was the severest.

Mrs. Tripp may die. Trees, telephone poles, wind mills, etc., suffered, but the property damage is not large.

ANOTHER SOUTHERN STORM.

Atlanta, Ga., March 26.—A terrific wind and rain storm passed over this city early today. A thousand telephones were temporarily put out of service. Otherwise the damage was nominal. Reports from the northern portion of the state visited yesterday by the tornado which created such havoc around Birmingham are to the effect that no serious damage was done. Many washouts were reported along the railroad lines, but these have been repaired and traffic is proceeding regularly.

ONE WOMAN INJURED.

Adamsville, Mich., March 26.—This vicinity was swept by a cyclone yesterday afternoon which caused considerable property damage and seriously injured one woman.

Mrs. Frank Kerr was alone in a farm house near Eagle Lake, when the wind tore it to pieces and she received serious injuries.

In this village Manling Brothers' store was demolished and the cemetery was greatly damaged by the cyclone. Fifteen acres of timber, three miles east of Edwardsburg, was uprooted.

Here at Adamsville an immense water spout was formed by the wind, which sucked all the water out of Christian Creek.

The storm was the same one which later struck the village of Pavilion.

GRAND RIVER IS IN FLOOD

LARGE PART OF GRAND RAPIDS UNDER WATER.

Factory Fires are Quenched and Many Men Rendered Idle—

The Damage Heavy.

Grand Rapids, Mich., March 26.—Grand River has passed the high water mark and reached the danger limit here. It is 12½ feet above its normal level. Basements of factories, business houses and residences are flooded, a dozen large factories on the west bank of the stream are idle because the water has reached their fires and many men are idle.

A number of houses and factories are completely surrounded by water, and boats are used to go to and from them.

The river above and below the city is more than a mile wide in places. The railroads are having trouble north and west of here from washouts.

IMPROVES ON MRS. NATION

A WOMAN WHO USES THE TORCH TO WIPE OUT JOINTS.

Salvation Army Woman in Rochester Arrested for Setting Fire to a Hotel and Saloon.

Rochester, N. Y., March 26.—Eliza H. McNease, aged forty, was arrested last evening on a warrant charging her with arson in the third degree, in having on Sunday evening last attempted to burn the Brede hotel on South avenue. Mrs. McNease is a member of the Salvation Army and her neighbors believe her to be crazy on the temperance question.

She is said to have threatened to burn the Brede hotel and any other liquor places she can get at. Last night she sang hymns in her cell and did not seem to be worried over the affair.

ATTEMPT TO KIDNAP.

Wilkesbarre, Pa., March 26.—A daring attempt was made to kidnap Edward McAvoy, aged 11 years, of this city, today. Two men picked him up in the yard of his father's house, carried him to a surrey, placed a handkerchief saturated with chloroform over his nose and drove away. The child became unconscious from the drug and when he revived he found himself on the back seat of the vehicle, which was then jarring over a country road. Young McAvoy jumped from the carriage. One of the men ran after him, but the youngster's cries attracted the attention of the occupants of another carriage which was passing at the time and the kidnappers becoming scared whipped up their horses and disappeared.

ADJUSTERS ARE HERE.

Messrs. Cromer, Ritchie, Singleton, Wood and Ingram, of Indianapolis, representing the insurance companies carrying policies upon the Kerr Murray works, which suffered a severe loss from fire last Friday, arrived in the city this morning and today began the adjustment of the loss.

The C. L. Olds Construction company, of this city, has been awarded the contract for the construction of a waterworks plant at Syracuse, Kosciusko county. The standpipe system will be used, and the plant is to cost about $14,000.

A WARNING SENT

BY THE UNITED STATES TO CHINA TO BE CAREFUL.

ADMONISHED AS TO TREATY

GIVING ANY POWER SECRET CONCESSIONS.

THE NOTE IS MADE PUBLIC

MANCHURIAN TREATY IS NOT YET SIGNED.

Washington, March 26.—The crisis in the Chinese question brought about through the expiration of the period allowed for the signature by China of the Manchuria agreement was the principal topic before the cabinet today. The conviction obtained that the United States had done all that it could properly to prevent the consummation of this arrangement and to make clear to the public the complete disapproval which is entertained by the United States government for this sort of secret treaty making, it was deemed proper to give out for publication the following memorandum:

"Chinese Correspondence, March 1, 1901.—Telegraphic instructions sent to the representatives of the United States in Berlin, Vienna, Paris, London, Rome, Tokio and St. Petersburg.

"Department of State, Washington, March 1, 1901.—The following memorandum, which was handed to the Chinese minister on February 19, is transmitted to you for your information and communication to the government to which you are accredited:

"The preservation of the territorial integrity of China having been recognized by all the powers now engaged in joint negotiation concerning the injuries recently inflicted upon their ministers and nations by certain officials and subjects of the Chinese empire, it is evidently advantageous to China to continue the present international understanding upon this subject.

"It would be, therefore, unwise and dangerous in the extreme for China to make any arrangement or to consider any proposition of a private nature involving the surrender of territory or financial obligations by convention with any particular power, and the government of the United States, aiming solely at the preservation of China from the danger indicated and the conservation of the largest and most beneficial relations between the empire and other countries, in accordance with principles set forth in its circular note of July 3, 1900, and in a purely friendly spirit toward the Chinese empire and all the powers now interested in the negotiations, desires to express its sense of impropriety, inexpediency and even extreme danger to the interests of China of considering any private territorial or financial arrangements, at least without the full knowledge and approval of all the powers now engaged in negotiations. Hay."

THE OPEN DOOR.

Assuming that the arrangement is to be carried out, it is still the contention of the state department that nothing has occurred to change the status of the United States toward the "open door," as applied to any part of China, including Manchuria.

As far as written pledges can commit a power, Russia stands pledged to accord to the United States the "open door" if she takes control of Manchuria either directly by annexation or indirectly but quite as effectually as the means proposed in this Russo-Chinese agreement. That is the state department and that view is endorsed by the entire cabinet.

The administration believes that the secret agreement between Russia and China is in violation of the spirit if not the letter of the general understanding to which all the powers subscribed last summer and the United States government is prepared to use all its moral suasion and influence to prevent its consummation. Further than that, however, this government is not prepared to go. The president and members of the cabinet believe it is inconceivable that Russia is entitled perhaps to some separate guarantees from China for the protection of its railroad concession in Manchuria, but not to the extent to which it is understood the Chinese government is to obtain by the secret treaty.

INFORMATION AT HAND.

This government has information regarding this treaty, and while there is no indication of the exact nature or source of this information, it is considered accurate and definite.

The president and cabinet, it is understood, have no direct information concerning the imminent rupture between Russia and Japan, or its extent, but the developments are being watched with eager interest.

Generally, it is not believed here that there will be a collision between the two powers, as there is a strong impression that Japan would not undertake a war with Russia singlehanded and there is no indication that she would be joined by another power.

TREATY NOT SIGNED.

London, March 26—The foreign office and the Chinese minister informed the Associated Press at 6:15 p. m. today that the Manchurian treaty had not been signed, according to their latest advices today. Whether it would be signed or not they were unable to say.

CHINA WILL ACCEPT IT.

London, March 26.—In an interview published here this morning with a representative of a news agency Baron Hayashi, the Japanese minister in London, is quoted as saying he did not believe China would assent to the Russo-Manchurian agreement, the time for the signing of which expires today, although he thought there was little doubt but that China would ultimately accept it.

WILL WAIT FOR REPORT.

Pekin, March 26—The foreign ministers will not meet again until the committee is ready to report on China's resources. The committee is still hearing merchants, bankers and others on the subject. The Australian contingent left here this morning for Taku and will sail for home tomorrow. A Japanese regiment is starting today for Japan.

MINISTER WU IN NEW YORK.

Washington, March 26. — The Chinese minister left this morning for New York where he takes part today in the ceremonies connected with the Baron Hirsch memorial. Up to the time of his departure Mr. Wu had received no word from Pekin as to the final course to be taken on the Manchurian agreement.

As this is the last day within which the agreement can be signed or rejected, the out-come is expected to be made known very soon.

It has developed, however, that the signing is likely to occur at St. Petersburg instead of Pekin as the Chinese minister at the Russian capital, Mr. Yang Yu, formerly the minister here, has been furnished a copy of the twelve-article agreement which Russia expects to have executed.

At the same time a supplementary agreement may be executed at Pekin, although the one pending before Yang Yu is just now attracting chief attention.

BATTERED BY FIERCE SEAS

STEAMER LA CASCOGNE HAS TERRIFIC PASSAGE.

Life Boats Are Washed Away and the Life Rafts Damaged—

Reaches Port in Safety.

New York, March 26.—Battered by fierce seas and tossed about by terrific gales, the French line steamer La Gascogne arrived today from Havre, forty-eight hours overdue. The liner left Havre on March 16 and until March 20 had very fine weather. On the morning of the 21st the wind came up from the northwest and the gales lasted throughout the following three days, and several times the steamer was obliged to turn tail and run before the fury of the blast.

Great seas broke over the starboard side with enormous force. The life boats on the upper deck were wrenched from the davits and smashed, the davits being bent almost double. Two of the life rafts were lifted from the upper deck and dropped down upon the upper structure, smashing skylights and ventilators.

The rafts were stove in many places and damaged beyond repair.

Fortunately none of the passengers were hurt.

Rev. Wright's subject tomorrow evening will be "The Progress of Christianity." Bible study tomorrow afternoon at 2:30 at the Berry Street M. E. church.

The subject of the sermon at the special service at Christ's Lutheran church tonight will be "Peter's Walk."

ROB AN OHIO BANK

BANDITS DYNAMITE VAULT AT SOMERSET.

GOT AWAY WITH $5,000 CASH

ESCAPE IN MIDST OF FIGHT WITH CITIZENS.

ACTED WITH FINE PRECISION

WITH BLOODHOUNDS IT IS HOPED TO GET THEM.

Somerset, Perry County, Ohio, March 26.—Seven bandits partially wrecked the State bank of Somerset early today by exploding a heavy charge of nitroglycerin in the vault doors, secured $5,000, appropriated two livery rigs, held a posse of citizens at bay, and escaped in the face of a heavy fire.

Bonds and securities to the amount of $30,000 and $5,000 in gold coin were overlooked by the bandits.

The bank was fully insured and its business will not be interrupted.

A heavy explosion in the bank building shortly before 2 a. m. aroused citizens living in the vicinity of the bank of Somerset. John Hayes, whose home is directly opposite the bank building, raised a window and quietly observed four men stationed in front of the bank. He saw that the whole of the two-story brick building in which the institution was located had been shattered and, believing he could frighten away the men, who, it was evident, were much alarmed by the strength of the explosion, hastily donned his clothes and sallied forth.

When he reached the sidewalk he was challenged and, under the influence of four rifles, pointed at his head, again mounted the stairs and secured arms.

Meanwhile, many other persons began to appear in the darkened street of the village. William Lovett opened fire on the bandits with a rifle, but his aim was not of the best and his shots only served to draw the fire of the robbers. The shooting soon became general as citizens crept toward the bank from all directions and the robbers evidently began to think of escape.

At a signal from the four on guard, three others emerged from the debris of the bank, bearing several sacks into which they had hurriedly placed their loot.

The robbers were under good discipline and their leader gave his orders like a military leader, "All ready, forward, march!"

Single file they marched under the shadows of the trees which lined the sidewalks, turned a corner, clambered into two rigs and drove in a northerly direction.

Citizens took up the chase and at 4 a. m. found the rigs, deserted, along the roadside. The sheriff of Perry county had been notified by telephone and arrived at daylight with a pack of hounds which will be used in the chase. The robbers were successfully tracked around by the hounds. It was found they had broken open a blacksmith shop to secure tools and then had taken the rigs in which they escaped from a livery stable near the bank. So successful were the hounds in their work that it is hoped the entire gang will be bagged.

President Samuel Ream, of the Somerset bank, said this morning that his institution will not suffer in the least except for the inconvenience caused by the wrecking of the vault and the blowing out of the front portion of the building. The loss is fully covered, he said, by burglar insurance. The bulk of the bank's funds, he said, are on deposit in other cities, otherwise the robbers might have been richly rewarded for their daring deed.

MATCHED TO FIGHT.

New York, March 26.—The Journal and Advertiser says: James J. Jeffries and Gus Ruhlin have about completed arrangements to fight for the championship of the world in San Francisco. In fact, they are practically matched. They have been offered a date, July 1, by J. J. Groom, manager and matchmaker of the National Sporting club, of San Francisco. The only hitch is on the question of the fighters' share of the receipts. The club has offered the men 60 per cent. of the gross receipts for a twenty or twenty-five round contest. Billy Madden, manager of Ruhlin, and acting for the Akron man, has demanded 70 per cent. of the gross receipts and $500 for expenses to San Francisco. Madden and Ruhlin have been negotiating with Groom for three weeks past and have been in the city during that time. They expect a definite reply to Maddens demand today.

NEW DIRECT MANILA SERVICE.

San Francisco, March 26.—Two steamers, the Monmouthshire and Carmarthenshire, have been placed on a new line of direct Manila service, established by the Oriental steamship company They are steel ships of 3,000 tons burden and thirteen knots speed. The former is scheduled to start on her first trip on April 10 and will be followed by her consort on May 10. It is expected that the time occupied between this city and the Philippines will be twenty-one or twenty-two days, and the intention of the company is to provide thirty days' service. The route will be via Yokohama, Nagasaki, to Manila and Hong Kong.

COMPLETING THE TRANSFER

CANAL PROPERTY GOES TO THE SOUTHWESTERN.

Owners are Preparing Deeds for the Interurban Right-of-Way—

Deal About Closed.

Within a day or two Messrs. Townsend, Reed & Co., owners of the Fort Wayne and Southwestern Traction company, will receive a deed for the right-of-way along the old canal property between this city and Roanoke.

The papers for the transfer are being prepared today, and it is possible the matter may be closed up today. The transaction involves a strip of land varying from 50 to 60 feet in width and fourteen miles in length, and Charles McCulloch is trustee for the several owners.

This is the property which has been in litigation for some time, A. N. Dukes, of Peru, seeking to restrain its sale to the Southwestern by reason of a previous option given him upon the property some years ago. The owners assert that Mr. Dukes failed to complete the terms of his option within the time limit and that they were at perfect liberty to dispose of the property after that time.

DENIAL OF A TRUST STORY.

Cleveland, Ohio, March 26.—Prominent stockholders as well as the officials of the American Ship Building company in this city deny that the Morgan syndicate is endeavoring to secure control of their company. It is pointed out that Senator Hanna, who is reported to be negotiating the deal with J. Pierpont Morgan, is a very small stockholder in the American Ship Building company. It is said that Mr. Hanna controls less than 5 per cent in the stock of the company. Mr. James C. Wallace, a large shareholder and also general manager of the company, said today: "I am positive there is nothing in the story."

BRAZIL CABLES NOT WORKING.

New York, March 26.—The Commercial Cable company this morning issued the following notice:

"We are advised that the cable between Para and Cameta, Brazil, is interrupted, cutting off telegraphic communication with Cameta, Carupaba, Obidos and Manaos."

QUIET IN MARSEILLES.

Marseilles, March 26.—The operation of the street cars here has become more active today and there is an increased number of workers on the quays, docks and steamers. The strikers are comparatively quiet.

DISMASTED AT SEA.

London, March 26.—The Atlantic transport line steamer Minneapolis, from New York March 16 for London, has towed into St. Michaels, Azores, the new British bark Comet, of 2,837 tons, from Greenock March 8 for New York, which she had picked up at sea dismasted.

OTHER MINERS WILL DIE.

Connellsville, Pa., March 26.—All the miners who were injured in the explosion at the Gates mine yesterday are still living, but several of them are in a critical condition and are expected to die during the day.

The Ladies' Auxiliary of the Ancient Order of Hibernians will hold a special meeting at Library hall Wednesday evening, at which some very important business will come up for consideration.

BABE'S DEAD BODY

FOUND IN ST. MARY'S RIVER THIS MORNING.

A BOY'S GHASTLY DISCOVERY.

LODGED IN WILLOWS NEAR VAN BUREN STREET BRIDGE.

CHILD WAS FULLY DEVELOPED

OFFICERS WILL INVESTIGATE AN UNNATURAL CRIME.

Startling evidence of a most unnatural crime came to light this morning, when the dead body of a new born male child was found lodged in the willows at the east side of St. Mary's river, just south of the Van Buren street bridge. The child was perfectly developed and the officers are positive it was cast into the water to hide a woman's shame.

The ghastly discovery was made about 7:30 by Carl Rogge, a lad ten years of age, who resides near the spot. He saw the object lodged against the willows, which grow densely at that point of the river, Rogge, who was at play along the river bank, at once called a companion, Ed Osenbaugh, a lad of about the same age.

The boys made sufficient investigation to determine the nature of the object and then told a number of ladies in the vicinity, who at once summoned Coroner Barnett. The little corpse had been wrapped in a corset waist and the officer fished the bundle from the stream. It was removed to Peltier's undertaking stablishment.

WORK ON THE CASE.

Coroner Barnett notified the police department and the officers are at work on the attempt to locate the perpetrator of the crime. Dr. Barnett says the body is that of a fine, large male child, fully developed, and was undoubtedly living and healthy when born. It is evident, too, that there was neither midwife nor physician in attendance and the conditions make it apparent that within a very short time after birth the unwelcome babe had been hurriedly bundled into its crude wrapping and cast into the river.

The officers do not believe the bundle was tossed into the river at or near the point where it was found, but that it floated down from some point farther up the river. They reason, also, that it must have been thrown from the Nebraska side of the river in order for the current to have lodged it at the point where it was discovered by the boys at play this morning. The coroner is positive, also, that the body must have lain in the water at least twenty-four hours, as upon different portions of the body are evdences of the action of mid-day temperature upon the delicate skin which had been exposed above the surface of the water. The perpetrators of the crime were careful to leave no trace which would tend to give the officials a clue, though the matter will be given a searching investigation.

MADAME SEMBRICH ILL.

San Francisco, March 26.—Mme. Sembrich may never sing in public again. Her physicians have advised the famous soprano to cancel all engagements and retire to her home in Dresden for a rest. In compliance with this advice Mme. Sembrich will start east tomorrow. Manager Graff has disbanded the company and the entire organization will return to New York. Mme. Sembrich was attacked with severe throat trouble in Salt Lake and on her arrival in this city there was no improvement. She insisted on appearing on the opening night, however, and since that time has been confined to her rooms and has gradually grown worse. Her voice is said to have been overtaxed.

P. C. KNOX SENT FOR.

Washington, March 26.—The president has sent for Mr. P. C. Knox, the Pittsburg attorney. He is expected here Thursday, when the attorney generalship will be offered him.

Bellevue (Ohio) Gazette: "Miss Hattie Phillips, one of the day operators at the telephone exchange, expects to leave tomorrow to enjoy a well earned vacation of one week at Fort Wayne, Ind. She will be accompanied by her aunt, Miss Nora Long, and the ladies will visit at the home of Mr. and Mrs. C. A. Asterlin."

TRADES AND LABOR COUNCIL

A WELL ATTENDED MEETING HELD LAST NIGHT.

Union Made Fort Wayne Cigars to Be Given a Boost—Preparing for Labor Fair.

The Trades and Labor Council met last evening in regular session with a large attendance of delegates. One of the principal topics under discussion was the fight being waged by the Cigarmakers' union against non-union cigars, large quantities of which are sold daily in Fort Wayne and in some stores they are even given the preference over home made goods. Dealers have been visited by the committee appointed for the purpose some time ago and now the advantages of smoking home made union made cigars will be expatiated upon in a circular. The coming fair of the council was also discussed and reports of committees were received. The fair will be held in the Saengerbund building and will commence two weeks from tomorrow night. It will be the most pretentious affair of its character ever attempted here. Some of the usual features of the average fair will be eliminated. There will be an absence of voting contests which have for their object the receipt of money without giving an equivalent. There will be band concerts, orchestra concerts and dance music, booths of all descriptions and many novelties out of the usual order. A slight admission fee will be charged and the holder of every ticket of admission will be entitled to a chance in a gift distribution of some kind. The committee is working diligently and expects to achieve a tremendous success. The special committee reported that an arrangement would probably be perfected looking to a co-operation of interests of the Liquor Dealers' association with trades unions in the handling of none but union made goods. Clerks union No. 288 was authorized to prosecute certain Bloomingdale grocers for violating the Sunday agreement. The differences between the union and the contractor for the Cooney Bayer building was reported settled. Resolutions of sympathy on the death of Miss Jessie Lendormi, an Indianapolis union labor enthusiast, were adopted.

HIGH WATER STOPS WORK.

The high water in the Maumee river continues to annoy the contractor on the intercepter. Water backs up so that connections can not be made. Near Glasgow avenue the sewer was cut into and dammed and a pump has been put to work to get the water out so that work can be proceeded with. The water was reduced materially today and it is expected that work can be resumed tomorrow.

ABOUT THE CITY HALL.

At the meeting of the board of works yesterday afternoon little of importance was done after hoiding up the Southwestern railway franchise for four weeks as detailed in yesterday's issue. The petition of property owners to narrow the new pavement on Barr street to 32 feet was turned down. The board held that there are enough paved alleys in town and what is wanted now is paved streets of good width. It was shown that a 32-foot street would be too narrow to meet the requirements of travel on that thoroughfare after it is paved and the probabilities are that a 40-foot pavement will be put down. Plans were ordered for sidewalks on Dearborn street and for grading an alley between Madison and Jefferson streets. A petition for a street light at the corner of Wells street and Fairmount place was filed.

The city council will meet tonight in regular session with a small amount of business before it. The principal business will be the formal acceptance of the donation of $75,000 from Andrew Carnegie. A resolution of thanks will be prepared and adopted and the proper authorities will be instructed to secure an abstract of the city's library property to assure the donor that the site has been provided as is required and certified copies of the ordinance providing for a library levy, assuring a revenue of not less than $7,500 per per year will also be prepared and forwarded. This being done the city will wait patiently for further suggestions from Mr. Carnegie and as soon as they are received plans will be advertised for. There is no disposition to allow the matter to lag on account of inactivity at this end of the line and it is hoped to have the building well under way before fall comes.

The board of safety will meet again this evening to further consider the cases of Firemen Lauer and Haiber. As this is the second or third offense it is likely to go pretty hard with the boys.

Building permits have been issued as follows: Ernest Jahn, frame residence on High street; cost, $1,200; George Klug, frame dwelling on Lewis street; cost, $300; Alfred Hattersley, brick residence, corner of Berry and Lafayette streets; cost $5,900; O. P. Parker, frame residence on Holman street; cost, $1,000; August Anderson, frame house on North Harrison; cost, $1,200; Greenafelder Brothers, brick flat, Wayne and Ewing streets; cost, $6,000; Albanus Bros., repairs; cost, $150.

IN JUSTICES' COURTS.

The trouble between Firemen Haiber and Lauer seems to be growing and is besides assuming some phases not looked for and hard to be accounted for. In Bullermann's court Hazel Wright has filed a job lot of affidavits that have some bearing on the case. Hazel is a young woman who holds forth in apartments on West Main street, and although she has of late developed a mania for filing affidavits, how she breaks into these cases is not known and will not be exploited until the trials, the first of which will probably be held Thursday. Hazel files an affidavit each against John Hedges, Charles Haiber and William Haiber for assault and battery on Peter Lauer, which would make it appear as though Peter stood pretty well with her were it not for the fact that she turns right around and files an affidavit against Peter for assault and battery and provoke, too, on William Haiber. Hedges and Charles Haiber appeared before Bullermann this morning and took a change of venue, the case being sent to France, to be heard on Thursday afternoon at 2 o'clock. The arrests in the other cases have not yet been made. Altogether it looks like a badly mixed up mess and the bringing of the Wright woman into the fuss will not be apt to better the chances of the firemen with the board of safety.

ABOUT THE COURT HOUSE.

Charles H. Besly, of Chicago, brings suit against the Belden-Larwill company on account for $200.

Rosa Miller sues Phillip Miller for divorce and custody of their children. The parties were married in 1881, and since that time defendant has often abused and beat plaintiff and subjected her to many indignities. Their youngest child is but two months old.

The township assessors will commence work week after next. The list of deputies will be announced about Friday of this week.

The case of William Ryan vs. the Phoenix Accident and Sick Benefit association is on trial before a jury in the circuit court.

Charles Agster has filed his final report as executor of the will of Agnes A. Agster.

Yesterday afternoon Judge O'Rourke divorced Jennie Butts from Charles C. Butts.

FUNERAL ANNOUNCEMENT.

Hamilton.—Funeral services of Charles Hamilton will be held Wednesday afternoon at 2 o'clock from the residence, 88 Wagner street. Rev. W. D. Parr officiating.

HON. GEORGE WILLARD DEAD.

Battle Creek, Mich., March 26.—Hon. George Willard, ex-congressman from the third district, died today aged 77 years, from a stroke of apoplexy. He was elected to congress in 1872 and served four years Mr. Wilard also served six years as member of the state board of education and ten years as regent of the state university. While regent, he drew up and had adopted the resolution providing for the co-education of women with men at the university Mr. Willard was editor of the Battle Creek Journal up to his death

Collars For A Lifetime $1.20

FOR 10 CENTS we will sell you a 4-Ply Linen Collar---that is just what it costs us. We have them in 25 fashionable styles. They are the same styles, and same collars, as cost 15 cents elsewhere.

Buy one or more at a time until you get a dozen.

BRING BACK THE DOZEN when you get them dirty. Pay us 30 cents---just what you would pay to launder them---and will give you a dozen new collars.

You pay for the dozen collars $1.20, and they will last you a lifetime in this way. As soon as the dozen gets dirty you get a new dozen for just the cost of laundering. Get the same style or a new style in exchange, as you wish. When the new dozen gets dirty, bring them back and exchange them.

We never sell the same collars twice. Those which are returned to us go back to the factory. They are cleaned there and sold at cut prices to jobbers. They never come back to us. You get absolutely new collars every time you exchange.

OUR REASON IS THIS:---We are conducting this plan at just what it costs us. Our object is to get people to our store, and to keep them coming for new collars as fast as the old get dirty. We believe that when you want something else you will naturally come here for it. Anyway you are welcome to come for the collars.

Think what that means. A 4-Ply Linen Collar for 10 cents in the first place. New collars in exchange perpetually for 2 1-2 cents each---just what you would pay to launder the old. No frayed collars; no collars laundered out of shape. Collars never wear out. Come and talk the plan over.

THIS FUNNY WORLD.

1. Why is it that a man can do this by the hour and enjoy it—

2. —can handle a pick-axe by the week—

3. —carry a hod and whistle a tune at the same time—but nearly dies from fatigue when he goes shopping with his wife?

KEPT HIS PLEDGE SACRED.

"Give me a pony of brandy, quick," exclaimed a nervous looking man as he rushed up to the bar in a Broad street hotel yesterday afternoon. The liquor was at once forthcoming, but instead of gulping it down as the man's manner naturally suggested he would do, he poured a little into the palms of his hands, rubbed them together and buried his nose in his hands. This operation he repeated until the glass was empty. Then he paid for his drink and went out with a look of contentment on his face. "What's the answer?" asked an interested spectator.

"It simply means that there are more ways than one of beating the devil around the stump," said the bartender. "That man swore off drinking the first of the year and I don't believe he has swallowed a drop of liquor since. He inhales it now—always brandy. I've known him to come in here as often as five or six times in one day and go through the performance you have just seen. These swear-off fellows are queer fish. I know another man who stopped drinking whisky and took to bitters, the kind you put a dash of into cocktails. He traveled with a drinking crowd and every time the others took whisky he would pour out a drink of bitters. No, it didn't make him drunk, but it nearly ruined his stomach. He spent a month in the hospital and then went back to the real stuff.—Philedalphia Record.

SOAP DIGNITY.

IT IS easy to find a pure soap; it is easy to find a cheap one. The problem is to find both combined; a soap that is pure yet inexpensive. Ivory Soap is the best solution of that problem. It is an original product, evolved after years of experiment and research. It is the most of pure soap for the least money. It stands approved to-day by a second generation of Ivory Soap users.

GREAT STORE IS A GEM.

A multitude of delighted shoppers have visited the magnificent new People's Store during its formal opening the past week, and it is safe to say few were prepared for the elaborate elegance that greets one at every turn in this great store. Messrs. Beadell & Co. took a long step forward when they moved into the new quarters some weeks ago, but the subsequent growth and development of the institution has been fully as notable a transformation as the departure that marked the removal from the old home to the new. Within the past few weeks three departments have been added—millinery, shoes and ladies' suits—and even this does not measure the contemplated extent of the institution, which will be enlarged from time to time by the addition of still other departments. Two great floors are filled with an elaborate display of dry goods, notions, millinery, shoes, china and kindred lines, and exquisite taste, both in selection and in arrangement, is observed at every hand. The show windows, one of millinery and another of shoes, are among the most artistic ever seen in the city. They are the work of Mr. Probst, the window trimmer for the establishment. One feels amply repaid for an inspection of this great store.

IT CAME BACK.

The Doctor's Wife Found Her Complexion Again.

Coffee is no respecter of persons when it comes to the poisonous effects thereof. A prominent physician's wife of Monticello, Ind., says that coffee treated her very badly indeed, giving her a serious and painful stomach trouble, and a wretched, muddy complexion.

Her husband is a physician of the regular school and opposed to both tea and coffee, so he induced her to leave them off and take on Postum Food Coffee.

The stomach trouble disappeared almost like magic, and gradually her complexion cleared up; now she is in excellent condition throughout.

There are thousands of highly organized people who are made sick in a variety of different ways by the use of coffee, and most of these people do not suspect the cause of their trouble. They think that others can drink coffee and are well, and they can, but about one person out of every three is more or less poisoned by coffee, and this can be proved by leaving off coffee and taking Postum Food Coffee. In nearly every case the disorder will be greatly relieved or entirely disappear. It is easy enough to make a trial and see whether coffee is a poison to you or not.

The name of the doctor's wife can be given upon application to the Postum Cereal Co., Ltd., at Battle Creek, Mich.

If there has been any "kangaroo" ectric railway legislation in Indiana this year it is advisable to hold ranchises in abeyance in this city until the specific nature of the laws re fully understood. It will not nbarrass interurban enterprises to it a few days and it may mean mething vital to the city to know t what is what.

Senator Platt declares and Governor ell confirms it that there has been quarrel between the late boss and ie new leader of New York republiin politics. It is not doubted. It has en simply a case of amicable disreement, following which the governor, with little ado and some astance from minor leaders, calmly, iberately, without anger, though th much determination, threw the asy boss" out of the house into ie wide, damp atmosphere of the xterior world. Only this and nothg more.

Statements that Russia is on the rge of revolution should be taken h the same allowance as the cable spatches proclaiming war. There ay be war in Asia and there may revolution in Russia, but the mer is not so imminent as some the correspondents would persuade and as for the latter, the corpondents themselves probably w little about it. The censorp of the telegraph, as of most ier means of communication in ssia, is so watchful and vigorous t when we read a St. Petersburg patch describing the widespread ition there is a very strong preaption that it was written somere else. As to the detailed acnts of the czar's seclusion and the et precautions taken for his safewe are entirely secure in regardthem as works of imagination, ally with the intimate revelations he domestic privacy of King Ed-. We are not reflecting unduly upon the cable correspondents. These rumors and stories are floating about in Europe, and it is their business to pick them up. But, like the alarming dispatches from Shanghai, a large part of them are so obviously and of necessity guesswork, they furnish a very unstable foundation for essays upon old world politics.

WHAT SCHLEY THOUGHT.

Apropos of Admiral Sampson's unfortunate though characteristic break in the Morgan indorsement, somebody at Washington has unearthed a letter on the same general subject written to Congressman McAdoo in 1888 by Admiral Schley, then chief of the bureau of equipment and recruiting. It was in favor of a bill then under consideration in the committee of which Mr. McAdoo was chairman, looking to the promotion of two naval apprentices annually to the commissioned rank of ensign.

Schley not only believed that "no harm need be apprehended from such legislation," but he urged it warmly and presented at length the arguments in its favor, as tending to elevate the character and promote the efficiency of those whom he afterwards immortalized as "the men behind the guns." One sentence is worth quoting:

"In all other callings, except the navy, the way to the highest place is open to merit, and I ask if it is fair to that class of boys in this great republic, who, by the accident of birth, are so situated socially or politically as to be just without the opportunity or the means to reach Annapolis as the only road to official preferment?"

The above contrast between this view and Sampson's is characteristic of the two men, and the more so because Schley had original advantages in the accident of birth that Sampson had not. The measure advocated by Schley did not prevail, and his known democratic views have doubtless had much to do with the persistent antagonism of the bureaucrats of the Sampson type.

HOOSIERS REACH COREA.

Letters from Chemulpo, Corea, indicate the safe arrival of the party of eighteen young men who recently left Columbia City under a three years' contract with L. S. J. Hunt to work in the gold fields of Corea. Out of Yokohama, Japan, their vessel was for three days in a typhoon, but weathered the storm safely. All of the company were in the best of health when the letter was written, but they were very tired and anxious to get to work. They expected to leave on the 23d for the mines and had twenty-six miles to make by railroad and 226 on horseback, expecting the trip to take ten days. They intended to take only a part of their baggage and the balance will follow them two months later when the river is open for navigation.

MANY DOCTORS IN COUNSEL

ALUMNI REUNION OF THE FORT WAYNE COLLEGE.

Enjoyable Meeting This Afternoon—Commencement and Banquet Tonight.

From every point of the compass the alumni of the Fort Wayne College of Medicine gathered today to attend the annual reunion held this afternoon at the college ampitheater, and while the attendance did not include nearly the complete membership of the organization, there was a good-sized gathering of doctors and the exercises were marked by notable interest.

The association president, Dr. W. F. Carver, of Albion, called the meeting to order at 1 o'clock this afternoon, and after the routine preliminaries the society inaugurated a new feature. It was the presentation of reports of cases which the physicians have met in recent practice, and in the discussion which followed the membership expressed opinions as consultant physicians. The feature was both interesting and profitable. The election of officers for the ensuing year was the closing business of the afternoon.

COMMENCEMENT TONIGHT.

All is in readiness for the annual commencement exercises of the Fort Wayne College of Medicine, to be held this evening at Masonic Temple, and admission is free to all. Reineke's orchestra will furnish music, and Rev. A. W. Seabrease will pronounce the invocation. Dr. C. B. Stemen, dean of the college, will make a brief address, after which Hon. Charles McCulloch, president of the board of trustees, will confer the degrees upon the class of four young physicians, and Dr. W. W. Barnett, secretary of the college faculty, will present the diplomas. Dr. H. V. Sweringen will deliver the valedictory, and Rev. D. W. Moffat will make an address. The graduates are Jesse B. Higgins, Eugene H. Ash, Francis McEvoy and John D. Mercer.

A BANQUET FOLLOWS.

Following the exercises at the Temple will come the annual banquet, given this year at the New Aveline hotel. Dr. J. L. Gilbert, of Kendallville, is to be toastmaster, and among those who will respond to the sentiments are Dr. A. P. Buchman, Dr. W. F. Carver, of Albion, Dr. E. H. Ash, one of the graduates; Dr. E. B. Hall, of Convoy, Ohio; Dr. S. H. Havice, Dr. J. C. Pence, of Lima, Ohio; Dr. S. Koontz, of Roanoke; Dr. Ernest Kohn, of Cavette, Ohio, and T. E. Bresnahan.

BOUND FOR TEHEREN.

Never, in the history of present making, has so original and elaborate a gift been made by a subject to his sovereign as the one recently ordered in Washington from the Columbia Phonograph Co., by the Persian minister, for presentation to the Shah of Persia.

This magnificent gift, which was shipped March 21st from the factory of the American Graphophone Co., at Bridgeport, Conn., consists of a multiplex Graphophone Grand and thirty-four barrels of records and blank cylinders.

The machine was built on the model of the one exhibited at the Paris Exposition last summer, and which attracted the attention and won the admiration of visitors from all parts of the world. It is the most wonderful sound reproducing mechanism ever constructed and it contains new features, in addition to those embodied in the famous Graphophone Grand. It uses three separate horns, acting in absolute unison with three separate and distinct records, each one of which gives the same loud, pure tone as that of the Graphophone Grand. The combination of all three in unison, gives an intensity of volume and a sweetness and richness of tone which seem almost beyond belief and results are obtained that is difficult to realize are within the possibilities of sound reproducing mechanism.

One of the interesting features of this precious shipment is that it will complete the last stage of its journey—from Batum to Teheren—on the backs of camels, and it goes without saying that no present that has ever been received at the palace of the Shah created even a small fraction of the interest that will be awakened when this phenomenal instrument, from far away Connecticut, makes its appearance and lifts up its wondrous voices.

COMMITTEES WILL MEET.

This evening at the rooms of the Commercial club there will be a meeting of the auditorium committee of twenty-five and the ward chairmen for the purpose of making a survey of the canvass as it had proceeded up to the present time, and to gain if possible, an accurate idea of the total amount now pledged for the big building. At the same time arrangements will be made for a canvas of the down-town districts by a special committee appointed for that purpose.

MARRIED AT NOON.

At noon today, in the parlors of the Rich annex, occurred the marriage of Mrs. Sarah E. Blythe, of Eau Claire, Pa., and S. F. Biteman, of Ceylon, Ind., a small village near Geneva. The ceremony was performed by Rev. H. J. Norris, pastor of the Berry street Methodist Episcopal church, and the only witnesses were Mrs. Brown and Frank Purcell, of the Hotel Rich. At the conclusion of the ceremony the wedding party, including the officiating clergyman, sat down to a sumptuous wedding repast and the remainder of the day was spent in seeing the sights of the metropolis. Mr. and Mrs. Biteman are middle aged, well-to-do people, and both formerly resided in Geneva. About four years ago the bride removed to Eau Claire, but recently they decided to be married and arranged that the event should take place in Fort Wayne. Mr. Biteman was formerly the pastor of the Christian church in Geneva, but retired from the ministry some time ago and opened a general store in Ceylon. They will go to that town tomorrow, where they will reside in the future.

VISITING NURSE LEAGUE.

The annual meeting of the Visiting Nurse League will be held in the council chamber, city hall building, Thursday evening at 8 o'clock. Officers will be elected for the ensuing year, and a report of the work of the visiting nurse will be made. It is probable that a number of brief talks will be given by prominent citizens who have observed the progress of this newly-organized charity. Everybody is welcome and a most cordial invitation is extended the physicians of the city to be present.

DEMOCRATIC PRIMARY ELECTION.

To the Democrats of Fort Wayne:

The election of delegates to the democratic city convention will take place Tuesday, April 2nd from 4 o'clock to 7:30 o'clock p. m.; at the primaries there will also be nominated by direct vote two candidates for councilmen for each ward.

The delegates elected at the primary will meet in the assembly room, court house, on April 3rd, 1901, at 7:30 o'clock p. m., and nominate a candidate for mayor and city clerk. The number of delegates shall be proportioned at the ratio of two delgates for every 100 votes and one for every 50 votes and fraction over 25 votes cast at the last city election for Henry P. Scherer, mayor, and shall therefore be according to this division as follows:

Wards.	Delegates.
First	10
Second	10
Third	4
Fourth	12
Fifth	10
Sixth	11
Seventh	9
Eighth	13
Ninth	9
Tenth	10
Total number of delegates	108

The election of delegates shall be held at the following places:

FIRST WARD.

All north of Washington street at Albanus Brothers' Carriage Works.

All south of Washington street at 117 Hanna street, Tapp building.

SECOND WARD.

All north of Washington street at 24 Barr street, Burkhart shoe shop.

All south of Washington street at 154 Barr street, Lauer's barber shop.

THIRD WARD.

All north of Pittsburg railroad at Meyers' livery barn, (Washington boulevard).

All south of Pittsburg railroad at 269 South Harison street.

FOURTH WARD.

All north of Wayne street at Liebman's carpenter shop, Pearl and Ewing.

All that part south of Wayne street and north of Pittsburg railroad at Hilgeman's grocery.

All south of Pittsburg railroad at 80 Fairfield avenue.

FIFTH WARD.

All west of St. Mary's river at 385 West Main street.

All east of St. Mary's river at Rippe's livery barn on Broadway.

SIXTH WARD.

All north of Wabash railroad at 252½ Broadway.

All of the Sixth ward south of Butler and east of Fairfield avenue at Rhinehart's grocery, Calhoun street.

All south of Poplar street and Wabash railroad, west of Fairfield avenue and east of river at South Wayne Town hall.

SEVENTH WARD.

All east of Lafayette street at Klipper's Bakery, 393 Lafayette St.

All west of Lafayette street at Spanley's grocery, 457 South Calhoun street.

EIGHTH WARD.

All south of Maumee road corner Ohio and Lewis streets.

All north of Maumee road at 385 East Wayne street.

NINTH WARD.

All north of Third street at 112 Wells street.

All south of Third street at Brink's drug store.

TENTH WARD.

All west of Smith street at southeast corner of Force and Buchanan streets.

All east of Smith street at northeast corner of Thomas and Buchanan streets.

The vote shall be by uniform ballot to be furnished under the direction of the city central committee. There shall be two ballots for each ward, one to contain the names of delegates and the other the names of all candidates for councilmen. The name of the candidate who is represented by delegates must be printed in large letters above the names of his delegates.

The ticket for delegates must be printed on white paper, those of the councilmen on red paper.

The voter will vote for two councilmen on one ballot and express his choice by lead-pencil cross in front of the names of those voted for. If there is no objection to any of the delegates, the entire number can be voted for, without marking the ticket; if otherwise a lead-pencil cross must be placed in front of the name of each delegate voted for. Any person desiring to vote for any delegate whose name does not appear on the ticket, can do so by writing his name on the ticket and scratching out the name of the one voted for.

If there are only the names of two candidates for councilmen on one ticket and the entire ticket is voted without pencil mark then both names will be counted as voted for.

Two city central committeemen will also be elected at the election, and the names to be voted for must be printed or written upon the ballots of councilmen.

The result of the election must be immediately reported to the city central comittee.

All delegates elected must meet at assembly room in court house, Wednesday, April 3 at 7:30 p. m., to make nominations.

By order of the democratic city central committee.

W. H. SHAMBAUGH, Chairman.

Collapse.

Caused by overwork? No, caused by undernourishment. Work rarely causes collapse. It is worry—the outcome of a low condition of the nervous system and inadequate nutrition which generally causes collapse. The collapse seems sudden, but in reality it is a slow process. The stomach and organs of digestion and nutrition are diseased, the nourishment in the food eaten is only partially extracted and imperfectly assimilated. The blood becomes impure; the very fount of life is poisoned, and some day all the faculties and functions go on a strike. That's collapse. Dr Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition, purifies the blood and builds up the weak body with sound healthy flesh.

"I was cured of a very bad case of indigestion, associated with torpid liver, by the use of Dr. Pierce's Golden Medical Discovery," writes Mr. G B Bird, of Byrnside, Putnam Co, W Va. "Before I began the use of 'Golden Medical Discovery' I had no appetite, could not sleep, nor work but very little, bowels constipated, and life was a misery to me After taking four bottles I felt so well that I went to work, but soon got worse, so I used it about eight weeks longer, when I was permanently cured."

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay cost of mailing *only*. Send 21 one-cent stamps for paper covered book, or 31 stamps for cloth, to Dr. R. V. Pierce, Buffalo, N. Y.

A MINE WAS LAID

UNDER PALACE OF THE CZAR NEAR ST. PETERSBURG.

A FORTUNATE DISCOVERY

SEVERAL NOTABILITIES ARE IMPLICATED IN PLOT.

POLICE BLAMED FOR RIOTS

CZAR SAID TO BE NERVOUS OVER POLITICS.

London, March 26.—A dispatch to the Exchange Telegraph company from Paris states on the highest authority that a mine has been discovered beneath the palace of Emperor Nicholas at Tsarskoe-Selo, seventeen miles south of St. Petersburg.

Several notabilities, the dispatch further says, are implicated in the plot against his majesty. The Russian press was not permitted to mention the affair.

BLAMES THE POLICE.

St. Petersburg, March 26.—A circular issued by the minister of the interior blames the police for not crushing the demonstrations at the outset by the dispersion of the gathering crowds. It says the police must learn when and where demonstrations are planned and mass their forces there. Above all order must be restored at any cost, and the authorities must not fear to use the necessary force and severity.

The military, the circular further says, can be called upon when firing is necessary and the cavalry may be summoned upon any occasion to clear the streets.

The Russian Authors' Mutual Aid association, founded by the Russian Literary society, has been ordered to close its premises, owing to a protest of the authorities during the recent riots issued a short time ago.

A student at the St. Petersburg university named Proskuriakoff, who has been sentenced to two years' military service and drafted into a regiment soon to leave for Turkistan; a woman student, named Smirnova, and Lieutenant Kutkuess, of a Sapper battalion, have been found dead near Yamberg in the St. Petersburg province. The student held a revolver and it was evident that the three persons had committed suicide.

The press is beginning to display uneasiness on account of the position taken by Japan with regard to Manchuria, though the Bourse Gazette expresses itself optimistically, declaring its confidence "that this question will never become an apple of discord between the two mightiest Asiatic powers."

BY THE CZAR'S WISH.

London, March 26.—A dispatch from St. Petersburg to Reuter's Telegram says that in consonance with what is believed to be the czar's expressed wish, the minister of the interior has published instructions for the authorities of the towns and provinces, recommending preventive measures against disturbances as being more effective than severe repression after disturbances have broken out.

The Birmingham Post, which is closely in touch with Joseph Chamberlain, says news received in high quarters in London indicates that the czar is in a very nervous state owing to the condition of the political horizon. It is said that he fears the result of the policy of his ministers in the far east, while the student troubles and threats against his life, of which there are more than have been published, have completely unnerved his majesty. His medical advisors have strongly counselled a yachting cruise, but the czar has refused to follow their advice. Those behind the scenes in Russia take a very grave view of the present agitation and think it is the beginning of more serious troubles.

HOLINESS CONVENTION.

Chicago, March 26.—A holiness convention has been called to meet in Chicago from May 3 to 13 with the idea of uniting all "holiness" organizations throughout the world into an international union. The call for the convention is signed by the following: F. G. Hughes, New York; W. T. Hogue, Illinois; Isaiah J. A. Reid, Iowa; J. Wood, California; A. M. Hills, Texas; J. McD. Kerr, Canada; C. N. Crittenton, Washington; A. Smith, Missouri; S. B. Shaw, Illinois.

GENERAL WEAVER A MAYOR.

Des Moines, Iowa, March 26.—Gen. J. B. Weaver, ex-congressman and former greenback candidate for president, has been chosen mayor of Colfax on the citizens' ticket. Most of the larger cities of Iowa are under special charters and will not hold their municipal elections until April, but the elections yesterday in cities of the second class from which the returns have been received showed numerous changes in political control, as party lines were not sharply drawn.

NO OPERATION NEEDED.

[Huntington Herald.]

Albert Stauch went to Fort Wayne Sunday to visit his wife at the hospital. He brings back a flattering report concerning his wife's condition. The strange growth in her side for which it was decided to perform an operation, has suddenly disappeared and no operation will be necessary. What became of the peculiar formation no one knows. It vanished so mysteriously that the surgeons and even the patient herself are all puzzled and cannot assign a reason for the sudden change in the afflicted lady's condition.

A physician states that the growth had been large, hard, and very painful. It was so sensitive the patient could scarcely bear to have the surface touched, but now there is not the least evidence that such a thing ever existed in the woman's side. The parts can be examined and handled without causing any pain.

Such an occurrence has never taken place in the hospital before. If the trouble had been in the nature of an abscess and emptied its contents into any of the surrounding cavities peritonitis would have set in and death resulted in a few hours. As already stated, the case is a mystery to all concerned and the only hope now is that the trouble has disappeared for good.

It is now expected that Mrs. Stauch will be brought home and that her complete recovery is altogether probable.

CHANGES WILL BE GENERAL

According to Rev. M. S. Marble, of Kokomo, presiding elder of the Kokomo district Methodist Episcopal conference, unusual conditions exist this year. As far as he can learn nearly all the churches embraced in the entire conference will request the return of present pastors, this being due in a large measure to the very successful work done in the past year. Nevertheless Elder Marble is of the opinion that many more changes would be made at the annual conference, which he held at Elwood, beginning April 10, than were made at the last conference. He thinks that one-third of the pastors will be changed unless it is shown that better results may be attained by return of the preachers to present charges.

ELECTED OLD DIRECTORS.

The first annual meeting of the Wayne Dry Goods company was held Monday evening at the company's store, and the old board of directors was unanimously re-elected. It is composed of Messrs. Lloyd, Williams, Hitzeman, McCurdy and Kappel.

The reports of the first years' business was most gratifying, and the fact that the company was able in the first year of its business to pay its stockholders a satisfactory cash dividend, in addition to making extensive enlargement of the business, is a high testimonial to the safe and conservative business methods of this well-known firm. The Wayne company will rank high among Fort Wayne's commercial institutions.

WILL BUILD A BAND STAND.

(Bluffton News)

The Commercial culb has decided to take the matter in hand of building a band stand on the public square for the concerts this summer. It will be a first class stand and will cost not less than $100. Plans are being drawn for its construction and it is designed to be permanent and fitting for all kinds of publis uses. As soon as plans can be exhibited, a committee from the club will solicit sufficient funds to construct it, and it will be built at once as the concerts will begin not later than May.

MAGNATES ARRIVE

INTER-STATE DELEGATES IN THE CITY.

THE CIRCUIT IS A PUZZLE

HARD THROW-DOWN IN STORE FOR TWO OR THREE.

STROBEL STRANGELY LATE

A LIVELY TIME PREDICTED FOR THE MEETING.

What will they do?

The big fellows of the little league are nearly all congregated in Fort Wayne today for the ostensible purpose of reorganizing the Interstate league but in reality to give somebody a swift and sudden bump in the neck and pitch him out into the unexplored henceness. In the language of the poet et al, the plot thickens. There are now eleven cities clamoring for a front seat in the Interstate with only eight upholstered chairs to put them in. Each of these cities has claims apparently equal, for recognition. At this writing all is serene on the surface and it is impossible to make even a good guess at the outcome. At noon all the cities had reported except Toledo and Mansfield. Strobel can be expected to come marching down the Wabash track at almost any minute for he is usually first on the ground when there is any base ball palavering to do. Dayton will be represented by Mr. Mautner who received Mr. Armour's proxy last evening. Indianapolis is well represented and if it can't coax the boys to be good it will over power them and make them be good. Hal Reed, of the News, is here to look after the newspaper end of the story and W. H. Watkins, C. F. Ruschaupt owners of the Indianapolis team and incidentally everything out doors not claimed by the National league, together with Walter R. Wilmot form the Capital City contingent. Wilmot is supposed to represent Louisville, which is the same thing as Watkins. The Indianapolis magnate, besides some very good clothes, wears a large and complacent smile on the outside and a large and well stuffed club on the inside; this club is the private property of one J. T. Brush, who loans it to his friends in cases of emergency. Mr. Watkins also has a phonograph through which he talks. This phonograph says that Watkins says that Indianapolis will be in the Interstate this year or there will be no Interstate and he adds that he guesses he will change the name of the league to something that don't smell quite so loud as Interstate — Central for instance.

E. W. Dickerson is here in the interests of Grand Rapids, which has an organization for further orders, and don't propose to be left standing out doors when the whistle blows, and W. W. Irwin, representing Wheeling, says he has $10,000 clean cash back of him to carry his point and land the West Virginia town on top. Frank Brosier and A. C. Alexander, of Marion, are stopping at the Wayne and are looking well satisfied and smiling, and agree among themselves that Marion has a cinch on first place when it comes to making up a circuit, and Charles E. Eastman, of Anderson, points to the fact that his is the only town on earth that has a ball ground right in the front yard among the flower beds, and as for money—why there is no end of money down there; he considers that it would be simple suicide to cut Anderson out. As stated Toledo will show up in time and the only town missing at this writing is Mansfield. The magnates greet each other pleasantly with one hand and feel the edge of their knives with the other. From a distance it looks as though every fellow was fortified in an impregnable position, yet each acknowledges that somebody will get a kibosh over a yard long hooked right in the solar before morning. Its a Chinese puzzle and the best guesser will miss it a mile.

LATE IN STARTING.

At 3 o'clock the meeting had not yet been called to order and but three or four of the representatives were at the club house. The failure of Strobel to come in on time was the excuse for the dilatoriness of the representatives in assembling. Meantime everyone who could find a wire to pull had hold of it tugging for dear life. The latest rumor is that there will be a determined effort made to freeze Indianapolis, Louisville and Grand Rapids out claiming that the league was organized and perfected at Columbus week before last and that every city then represented had discharged its obligations and if any of the cities named wanted to get in they would have to buy their way. One delegate significantly remarked: "Watkins may be the whole thing but you must remember that he hasn't got into the meeting yet and I don't think he will."

It is certain that no business will be transacted until after supper.

E. S. Barnard, sporting editor of the Columbus Dispatch, the accredited representative of the Columbus club, was among the first arrivals. He says that things in Columbus brightened wonderfully during the past twenty-four hours. When the club met last night for final organization it was still fifteen shares shy of the requisite amount of stock necessary to capitalize the club on a $2,500 basis. Mr. Barnard announced that he would take four shares if the other people present would take the other eleven. This started the ball rolling and in a few minutes the full amount was subscribed and there was more in sight, including $500 in cash. It was then decided to increase the capital stock to $5,000, of which $3,000 should be paid up and the balance treasury stock. The club was then organized on that basis and President Butterworth, of the chamber of commerce, was made president of the association, which will be incorporated under the laws of West Virginia. The outlook for good ball was never brighter in Columbus than now and one of the missions of Mr. Barnard is to secure the services of Walter Wilmot for manager in case Louisville does not come in and pre-empt him.

NOTES OF THE GAME.

Interstate league teams looking for infielders would not make a mistake by picking up George Nill, of this city. The company would be none too fast for him.

The Shamrocks will hold a meeting at the usual place next Sunday morning at 10 o'clock, when all arrangements for the coming season will be completed.

Mahan, one of the Shamrocks' hard hitters, who has been signed to play on the Fort Wayne team, is working hard to get in good form the coming season. He is a reliable, hard-working player, and the Shamrocks all wish him success.

The Fort Wayne league team and the Shamrocks will mix it up again next month. In the April games last spring the Shamrocks took the leaguers' measure, and expect to give them a merry trotting this spring.

"Cy" Swaim, who was a member of the pitching staff on the local league team last year, leaves on Monday for Colorado Springs, where he has signed for the coming season. Brashear, Hollingsworth and other locals, who have signed with the Western league, will leave early next week for their respective cities. The men have been putting in some hard practicing at the base ball park, and say they are in fine condition.

Some of the new league towns, not yet out of their swaddling clothes, want to change the name of the league from Inter-State to "Western Association." Inter-State is plenty good enough—that is provided Watkins thinks so.

ARTHUR CHAMBERLAIN WINS

LIBEL SUIT AGAINST LONDON MORNING LEADER.

Newspaper Settles Cases of Other Complainants—Imputations Are Withdrawn.

London, March 26.—Arthur Chamberlain, in his libel suit against the Star and the Morning Leader has been awarded £1,500 damages

After the verdict in the case of Arthur Chamberlain, Neville Chamberlain's libel suit against the same papers was settled for similar damages and all imputations have been withdrawn.

Sure to Grow Hair

REMARKABLE REMEDY THAT MAKES THE HAIR LONG, SOFT, SILKY AND GLOSSY—MEN, WOMEN OR CHILDREN, EVEN BALD HEADS CAN HAVE A FINE HEAD OF HAIR.

Free Trial Package of This Wonderful Preparation Is Mailed Free to All —Send Name and Address.

Men, Women or Children, Even Bald Heads Can Have a Fine Head of Hair.

A remedy has been found that makes hair grow long and beautifully luxuriant The proprietors will mail to anyone who sends name and address a free trial package of the remedy so a test can be made of its remarkable influence in stimulating the hair growth As it is a pure vegetable product you need have no hesitancy in using it freely as it cannot harm the most tender scalp

Send your name and address to the Altenheim Medical Dispensary, 3190 Butterfield Building, Cincinnati, Ohio, enclosing a 2 cent stamp to cover postage, and they will forward the free trial package at once. There is no good reason why you or your children should have poor hair It is necessary as a protection in both summer and winter and without a good growth of hair a child or adult is always liable to colds Sickness of the mother or child often stunts or paralyzes the hair roots and years are required for nature to overcome the loss. Who can doubt the merits of this wonderful remedy when we have thousands of testimonials from such unquestionable people as the following

Says Professor Turner, President of Fairmount College, Sulphur, Ky. —"After being bald for thirty years, I began using the remedy in 1895, and in a few weeks there after my entire scalp was covered with a thick downy growth of new hair The whole of my hair was gone except a fringe around the bat line. In six weeks the bald spot was entirely covered. I had been bald for thirty years, and when hair can be made to grow on such a head as mine no bald headed person need fear the results."

Miss Nora Buel, Theo Oaks, Mich., writes that her hair is coming on beautifully and that all dandruff has been removed

J. J. Auld, Cedar Falls, Iowa, writes—"Was very bald but now have fine crop of new hair which will soon be ready to trim. It also cured dandruff."

Mrs Deborah Battans Thorpe, Wis. says when she began the treatment she was entirely bald and her scalp shone like a mirror, and now she has the thickest hair she ever had Recommends the treatment as a sure cure for baldness

Theresa Tennell, Moscow, Idaho, says.—My head was bald and glossy, but since using the Rose Treatment my hair is now four inches in length and quite curly

D B Chesniss, Farmersville, Texas, says the top of his head was entirely bald but the Remedies have grown a fine new crop of hair and everyone in town is surprised to see it

Miss Lucy Paschall, Watertown, Mass., says her hair was thin and gray but has been restored to the natural color, is now long and thick and glad to recommend the Rose Treatment to all

Mrs. Emma Buchanan, South Hadley Falls, Mass —"Hair has grown out nicely; is now four inches long and much thicker than it ever was before"

With this new remedy the hair roots are stimulated to a most gratifying degree. The young hair shoots forth and grows with surprising rapidity Mothers of little girls whose hair is short and apparently almost lifeless will be particularly delighted with the wonderful effect of this marvelous remedy While the preparation is mainly intended for the cure of dandruff, falling hair and baldness in older people it is desired to acquaint the mother with a preparation that will soothe her little tots with beautifying tresses Do not neglect to write to the Altenheim Medical Dispensary, 3190 Butterfield Building, Cincinnati, Ohio, enclosing a 2 cent stamp to cover postage, they will mail you prepaid a free trial package of their remarkable remedy.

Omega Oil

You needn't be afraid to rub Omega Oil on a child's throat or chest for sore throat or cold in the chest. It's the best thing you ever saw for children. It does them just as much good as it does big folks, and it won't burn or blister the most tender skin. Omega Oil is nice to use, too. It has a sparkling green color, and its smell is just as pleasant as can be. You must try Omega Oil itself to find out how good it is. You cannot judge it by other liniments. Rub in a little of it wherever there is an ache or pain, and the hurting will stop then and there. You may doubt this BEFORE you try it, but you won't doubt it AFTER you try it. Buy a bottle now, and see how much suffering it will banish. A single bottle will go around the family several times.

Any druggist will supply you, or the Omega Chemical Co., 257 Broadway, New York, will mail a bottle, prepaid, for 50c. in cash, money order or stamps.

BUSINESS TAKES A BRACE

CASH TRANSACTIONS MADE IN POLICE COURT.

Maud Bowman's Resort Raided and a Swag of Forfeit Bail Settles the Misdemeanor.

There was the old-time ring about the clatter of the coin on the mayor's desk when police court opened this morning. There was no Superior street coin in the bunch, but Maud Bowman was represented in the usual $21 bill. Frederick Kline and Cora Adams were also at the front with their little deposit of $16 apiece and all these sums were forfeited. The storm center seems to be passing westward and the Clinton-Superior street corner is safe as usual, for awhile at least.

GUINNIE STRODE AWAY.

Guinnie Buck was the name given by a fresh colored wench who was run down after an exciting chase by Officer Paul yesterday afternoon. The officer is getting portly and is not as spry a sprinter as he used to be, but he managed to overtake the nimble Guinnie on the third lap. Miss Buck says she came here from Lagrange and that her principal diversion and avocation is dancing the "Mobile buck." Asked who she knew in Lagrange, she claimed acquaintance with the Millers, the Browns, the Smiths, Joneses, Johnsons and a number of other well known families. The mayor thought loud for a minute and said he guessed he'd send her over, whereupon she stated that if he would let her go this time she would get out of town in a minute. Hizzoner remarked that a minute would be all she could have, and judging from the rate Guinnie made going south on Barr street she had plenty of time to spare.

HE GAVE THE GRIP.

A well known German citizen, who said his name is Theodore Beyer, was slated for drunkenness. Meantime his wife had written a letter to the mayor asking him to give him a scolding, but not to fine him, and to send him home in charge of a policeman so that he could not get absent-minded and get into the saloons on his way home. The mayor looked at Theodore very sternly and said he guessed he'd have to make an example of him and send him over for a few months. Theodore at this became very wobbly in the legs and reaching across the desk, wanted to shake hands with the mayor for old comradeship's sake. They shook and the grip worked. What the magic sign was that did the business could not be seen by the curious crowd, but it was a lulu grip anyway. The mayor told him to make a straight shoot for home and threatened all sorts of dire vengeance if he was ever brought up again.

SENT OVER ON SUSPICION.

James Harrison was the name given by an individual arrested by Detective Coling on suspicion of being a vagrant. He found him in Libbing's second-hand store, trying to pawn some "phony" jewelry. When arrested he had a raft load of all kinds of trinkets on his person and a bill for a lot more which had been shipped to him here by express. He had letters showing that he had several aliases. He vigorously denied being a vagrant or crook, but being unable to give a satisfactory account of himself he was sent over for twenty days to give the police department an opportunity to look him up.

TWO BAD BOYS.

Detective Coling last evening arrested two bad boys named Andrew Dornte and William Driftmeyer. They are a pair of very bad boys who have been giving the people in the west end much trouble. They recently broke into the West Washington street school house; are the boys who used to take Evangelist Horter's horse for a ride; have been caught smearing paint over fences, and are generally a bad pair. When taken to the police station they were badly frightened and were very penitent; they cried pitifully and promised better behavior. On their promise to report to the mayor at 8:30 this morning they were released, but they failed to show up. The detective will go after them again and their next arrest will not terminate so mildly.

LOITER IN POSTOFFICE.

The postoffice officials have complained that the postoffice lobby is being made a tryst ng place for lovers late at night and a general rendezvous for tough kids and some older persons also tough. The superintendent of police has given strict orders to the officers on the beat to keep loiterers out of the place and has instructed them to arrest all persons found congregating there after the office is closed after having notified them once that the practice must be discontinued.

POLICE NOTES.

A false alarm of fire was sent in from box 212, on St. Mary's avenue, at 5 o'clock this morning. The department made the run through heavy mud and found that the box had been broken and the alarm turned in by mischievous boys. The mayor's leniency with offenders in this regard has made boys very indifferent A severe punishment might have a salutary effect.

The police last evening picked up a stray gray horse, which was stabled at the City trucking barn.

Sam F. Swayne has not yet received any intelligence of his horse and carriage taken from his barn night before last. Postal cards describing the outfit were sent out by the sheriff yesterday afternoon.

A daylight robbery was committed Monday during the noon hour at the office of the Prudential Insurance company, in the Bass block. It is customary to leave the outside door, leading from the hall into the office lobby, open when the clerks go to dinner. Monday a cigar box containing $85 in coin was left standing on the desk when the force left at noon. The thief, evidently familiar with the box, managed to reach it through the cashier's window and made away with it undiscovered. Neither the insurance men nor the police have any clue to the robber.

THE MARKETS.

Chicago, March 26.—Grain and provisions were dull during the forepart of today's session. May wheat opened unchanged to ⅛c lower at 75⅞c to 75¾c, sold off to 75½@75¾c on lack of outside interest and rallied to 75⅝@75¾c on covering. The crowd was bearish, but kept a careful eye on corn. Local receipts were 137 cars, 6 of contract grade, while Minneapolis and Duluth reported 368 cars against 397 last week and 483 a year ago.

There was a fairly heavy trade in corn at the opening. May sold ⅛@¼c lower at 42⅛@42¼c and further declined to 42c, where it steadied on the unsettled weather and reacted to 42⅛@42¼c. Receipts were 284 cars.

Oats were featureless. May opened a shade lower at 25@25⅛c and sold to 24⅞@25c with corn. Receipts were 327 cars.

Provisions opened firm on fewer hogs than expected and higher prices at the yards. May pork opened 10c higher at $15.80 and sold off to $15.75; May lard opened 2½@5c up at $8.02½@8.05; May ribs opened 2½c improved at $8.00 and fell to $7.95.

THE CLOSE.

Prices at the close were as follows:

Wheat—March, 74½c; April, 74¾c; May, 75½@75⅝c.

Corn—March, 40⅞c; May, 42⅛@42¼c.

Oats—March, 24⅞c; May, 25c.

Pork—March, $15.15; May, $15.70; July, $15.12½.

Lard—March, $8.15; May, $8.07½; July, $8.02½; Sept., $8.02½.

Ribs—March, $8.00@8.02½; May, $8.00@8.02½; July, $7.90; Sept., 37.87½.

Flax—Cash N. W., $1.55; May, $1.54½; Sept., $1.15.

CHICAGO LIVE STOCK.

Chicago, March 26.—Cattle—Receipts, 3,500; market generally steady; canners and cutters shade higher and active. Good to prime steers, $5.00@6.00; poor to medium, $3.75@4.85; stockers and feeders, $2.75@4.65; cows, $2.70@4.35; heifers, $2.75@4.60; canners, $2.10@2.65; bulls, $2.80@4.35; calves, 15 to 25c lower than a week ago, $4.50@5.75; Texas fed steers, $4.00@5.00; Texas grass steers, $3.45@4.00; Texas bulls, $2.50@3.75.

Hogs—Receipts today, 16,000; tomorrow, 24,000; left over, 2,150. Market 10c higher and active; top, $6.20. Mixed and butchers, $5.90@6.10; good to choice heavy, $6.05@6.20; rough heavy, $5.90@6.02½; light, $5.85@6.07½; bulk of sales, $6.00@6.10.

THE DAY ON WALL STREET.

New York, March 26.—The majority of stocks showed gains at the opening, but there was a large sprinkling of losses among important stocks and large offerings had to be established. Changes were in nearly all cases small but there were gains of about a point in Erie first preferred and Denver and Rio Grande and of 1½ in Chicago and Alton. Trading in stocks was confused and mainly reactionary, although support was evident here and there. The buying appeared less confident than of late and was without effect on the general list, which declined. The selling was not confined alone to the leading stocks, but included many of the less active properties which had become prominent upon pool manipulation and rumors of deals.

Losses reached a point in many cases, but did not exceed large fractions for the standard stocks.

When Missouri Pacific was taken hold of later and advanced to 102½ the Granger and other Southwesterns hardened rapidly, Denver and Rio Grande rallying from 45¾ to 48 and Kansas and Texas preferred, Wabash preferred, St. Paul and Burlington rising a point.

At 11 o'clock the general market was holding well on the rally, but profit-taking continued effective in spots.

Business contracted greatly as prices worked upward. Burlington extended its rise to 2 points. The bears, perceiving the lessened demand, offered stocks freely.

The Southwestern group, which had made the best showing earlier, was vigorously attacked. Sugar, the Tractions, Union Pacific and the Grangers were then sold with effect. New York, Chicago and St. Louis second preferred declined 3 points, the first preferred 2, and Hocking Valley 2. United States Express advanced 4 and Pressed Steel Car 2½.

Bonds were irregular.

THE MONEY MARKET.

New York, March 26.—Money on call nominally at 2½ per cent; prime mercantile paper, 3½@4¼ per cent; sterling exchange strong with actual business in bankers' bills at $4.88¼@4.88½ for demand and at $4.84¼@4.85 for 60 days; posted rates, $4.85½ and $4.89; commercial bills, $4.84@4.84½; silver certificates, 61½@63c; bar silver, 60¼c; Mexican dollars, 49c.

THE BOND MARKET.

L'Art Nouveau Parlor Suit. . . .

The very latest thing in parlor goods—fresh from the Paris exhibition. By some "L'Art Nouveau" is translated "The New Art," by others "The Art of Nature" or "Nature's Art."

The new furniture thus designated, in both frames and upholstering, follows nature. The frames are ornamented by the use of limbs, branches, leaves or blossoms, shown in the carvings. The coverings are usually in heavy silk damasks and the figure will be that of some flower, the calla lily being a favorite.

We show one of these suits in our Court street show window this week, the three pieces being worth $80. If you want something exquisite for your parlor and something entirely new, secure this, the first L'Art Nouveau suit brought to this city.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

GOULD'S SCHEME

NEWS FROM NEW YORK INDICATES ITS SUCCESS.

INVOLVES ABOUT $300,000,000

MORGAN, ROCKEFELLER, HARRIMAN AND OTHERS IN IT.

RAILWAY OFFICIALS MEET

PENNSYLVANIA MASTER MECHANICS GATHER HERE.

The great financial scheme which has for its object the consolidation of the unified Gould interests with those of William Rockefeller, Harriman, Kuhn Leeb & Co. and others seems to be in a fair way to be carried to a consummation.

The scheme has been discussed pretty thoroughly by the newspapers and all of the Sentinel readers are familiar with it. This morning the Sentinel received an Associated Press dispatch which reads as follows:

New York, March 26.—George Gould's plan to become the head of a combination of railroads capitalized at $300,000,000 is progressing favorably, says the World. His plan, the World adds, meets with the approval and has the co-operation of J. Pierpont Morgan, the Rockefellers and the Harriman syndicate.

KILLED A BRAKEMAN.

Pennsylvania train 32, from the western division of the Pittsburg road, struck and instantly killed a brakeman by the name of Walter Stanley at Crestline, Ohio, yesterday. Engineer Charles Somers was at the throttle of the engine which struck the brakeman and witnessed the accident, though no blame can be attached to him. Stanley worked on the eastern division of the road and was waiting for No. 32 to get out of the way, when his train was to pull out for the east. He was standing on the right of the tracks when No. 32 came near him and Engineer Somers heard him call to a comrade, "Here comes No. 32; we'll follow her." As he said this, Stanley started to run across the tracks to his own train, but was not quick enough. The deceased was pretty well known to all the Fort Wayne trainmen who run into Crestline.

RAILWAY OFFICIALS MEET.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, called the master mechanics of the northwestern system of the Pennsylvania to his office today for an exchange of ideas and a general discussion of matters pertaining to the motive power and mechanical departments. The following master mechanics were present at the meeting: B. Fitzpatrick, Fort Wayne; J. D. Harris, Wellsville; T .B. Hunt, Chicago; W. F. Beardsley, Crestline, and G. P. Sweeley, Allegheny. Tomorrow Mr. Crawford will meet the road foremen of engineers for a similar purpose. Those who will be here are Frank Ray, eastern division of the Fort Wayne line; C. R. Colmey, of western division; F. C. Thomas, Cleveland and Pittsburg; C. Ewing, Toledo; M. J. McCullough, Marietta; T. L. Bailey, Erie and Ashtabula, and R. J. Lyons, assistant of western division.

CONCERNING BAGGAGE.

The rules of the General Baggage Agents' association concerning the transportation of corpses have been adopted as law by the states of Virginia and South Carolina, and the committee in charge of the matter is making progress toward a similar result in other states. The committee appointed to find out whether express rates are less than baggage rates, to the detriment of the baggage department, reported to the recent convention that except between some of the larger cities, where there is a long haul, express rates are not more advantageous to salesmen with large quantities of baggage than are the express baggage rates. In the west and southwest express rates are in many cases higher than baggage rates. In a discussion on a question submitted by the Michigan Passenger association, it appears that theatrical companies sometimes send their baggage by railroad and then send the passengers by electric line. One or two passengers buy a ticket, go by the railroad and accompany the baggage, while all the rest of the members of the company go by some other conveyance. To those who wished to know whether this trick of the theatrical managers could be circumvented it was said that each passenger representing extra baggage should be made to prove his individual ownership of the baggage.

BOUGHT BASS BOILERS.

A party of gentlemen who represent the Home Light and Heating company, of Elkhart, Ind., were in the city today and before leaving for their homes they placed an order with the Bass Foundry and Machine company for three 175-horse power high-pressure horizontal tubular boilers, which are to become a part of a big electric light plant at Elkhart. The deal was conducted by George T. Ladd, the Bass company's salesman, and it involves several hundred dollars. The Bass boiler shop is well supplied with orders for boilers and the men therein employed need not fear a lay off for many months, even if no more new work comes in.

BIG LOCOMOTIVE PLANT SOLD.

New York, March 26.—New York capitalists today closed a deal by which the Rogers Locomotive works at Paterson were bought outright What was the price paid and who were the purchasers were not made public. William Barbour, one of the receivers, said: "It is impossible for me to make known any of the conditions of the sale. I will say, however, that the sale is practically closed, and that within two or three weeks at the latest the works will be running full capacity and that 2,000 or more men will be employed." Mr. Barbour was asked if the sale was brought about by the co-operative plan which was suggested at the time the works shut down four months ago when all the men employed in the various departments were thrown out of work. "I will say there is no co-operation of work men nor citizens of Paterson in the purchase of the works," he replied. "The sale will be made to New York capitalists, who think they see not only profit to themselves, but profit to Paterson, by starting the works."

INDUSTRIAL NOTES.

The Wabash pay car will arrive in the city next Friday morning.

C. A. Brocker, an extra fireman on the Nickel Plate, has resigned.

Brakemen J. M. Leykauf and F. B. Tyler, of the Pittsburg, are sick.

James Conroy, of the Wabash blacksmith shop, is sick and off duty.

F. C. Turner, tinner, is sick and absent from duty in the Pittsburg lumber yards.

Machinist Walter Adams, of the Bass works, is in Defiance, Ohio, repairing some machinery.

H. Thieke, who had a foot injured some days ago, resumed his work in the Pittsburg lumber yards this morning.

Master Mechanic G. S. McKee, of the Wabash, is suffering from the effects of a bad cold and was unable to leave his home today.

Frank Lightfoot, treasurer of the Bass Foundry and Machine company, has recovered from an illness which kept him confined to his room over a week.

Louis Knob, Frank Schille, D. Shepler and F. Galland, who were on the sick list, reported for work at the Pittsburg round house this morning.

S. B. Zarlmer has been appointed superintendent of the St. Louis division of the Toledo, St. Louis and Western, with headquarters at St. Louis.

Conductor J. F. Vervalen, who had been off duty for three or four days, looking after private business, reported for work on the Nickel Plate yesterday.

W. Heine, who was quarantined three or four weeks on account of diphtheria in his family, resumed his duties in the Pittsburg tank shop this morning.

A. L. Hadley, of the Electric works, has been honored by the American Institute of Electrical Engineers by being elected an active member of the association.

Brakemen A. O. Ward and G. M. Wyatt reported for work on the Pittsburg road yesterday. Mr. Ward had been sick and Mr. Wyatt had been attending the funeral of his father.

J. B. Barnes, general superintendent of motive power of the Wabash, arrived in the city this morning and will spend a day or two here looking after matters connected with that department.

Chief Dispatcher T. J. Rogers, of the Cleveland and Pittsburg division of the Pennsylvania lines, was in the city yesterday on business connected with the transportation department.

Engineers Al Becker and D. T. McFee are sick and Engineers J. A. Swartz and John Cook and Fireman Alonzo Evans are taking a few days' rest. They are employed on the Nickel Plate.

The Carpenters' and Joiners' union has taken on quite a boom. Last night there were a number of applicants initiated and a number of applications presented for consideration. At the present rate of increase it will not be long until nearly every carpenter in the city is a member of the union.

Frank Sweringen, assistant general foreman of the Pittsburg car shops, has leased the Dr. A. J. Kesler dwelling house at 35 East Williams street, and is preparing to move therein.

B. F. McCormick, one of the oldest engineers on the Baltimore and Ohio, was buried on Sunday at Newark, Ohio. Some weeks ago he fell on the ice and injured his skull, which resulted in death.

Among the shipments from the Electric works today were a 750-light dynamo and all the lamps and trimmings for a plant to Beresford, S. D., and a fifteen-horse power motor to Zanesville, O.

Dr. R. Park White was called upon yesterday to remove a chip of steel which had lodged in one of the eyes of Thomas C. Patten, a machinist in the Pittsburg shops. The wound was painful, but it will leave no lasting defect.

Harry Stevens and Joshua Payton have resigned their positions at the Bass machine shops. Mr. Stevens will take a position at the Organ factory and Mr. Payton will work in a brick yard during the summer months.

David Bowers, the contractor, is getting the material on the ground for a house for John H. Payne, on the rear part of the lot at 337 East Wayne street. The house will have five rooms and all the modern improvements.

The Lackawanna is getting ready for Pan-American business. It has just placed an order for fifteen coaches and has requested the Pullman company to assign fifteen sleepers for the service between New York and Buffalo.

The Illinois Central will this year tear down a number of the ancient railroad stations along its line and erect more substantial structures. Of the number will be one at Dixon, Ill., taking the place of the station built in 1854.

The abandonment of the Chicago-St. Paul fast trains has met a vigorous protest from the traveling men, who cannot see why thirteen hours should be consumed in traveling 400 miles. All of the six roads are parties to the agreement.

The Grand Rapids and Indiana road this morning turned over to the Pittsburg road at this point a car load of people from the vicinity of Portland, who are going to North Dakota to form a colony. There were forty adults and about forty children in the party.

Work on the track elevation to be done jointly by the Chicago and Alton, the Illinois Central and the Santa Fe companies in Chicago was commenced yesterday. There will be about four miles of joint elevation. The total cost, as approximated, is $2,065,000.

There is sickness in the family of Pittsburg Conductor Samuel Ruffner and on that account that gentleman has taken leave of absence from his train duties. Conductor S. H. Meyers and Brakeman C. K. Blue, of the same road, are off duty on account of private business.

Conductor C. W. Zeigler resumed a through freight run on the Nickel Plate today, after being in the passenger service since before the holidays. He was in Conductor C. E. Burgess' place, the later being ill with rheumatism. Mr. Burgess has recovered and is again on duty.

A. H. Moffett has been transferred from the southwest to New York, where he will be the general eastern agent of the Chicago, Rock Island and Pacific company. Mr. Moffett has been in continuous railroad service for thirty-five years, fourteen years of the time having been located at Kansas City.

Train No. 410, on the Lake Shore road, struck a buggy at the crossing at New Era, sixteen miles north of this city, yesterday afternoon, tossing the occupant into the ditch and demolishing the vehicle. Miss Ollie Williams was the occupant. She was considerably bruised and scratched, but not seriously injured.

Concerning the man injured at the Wabash shops a few days ago the Peru Journal says: "J. P. Ryan, of Fort Wayne, who is at the hospital suffering from a broken leg, received while at work Saturday, is getting along as well as can be expected. He will have to lie in one position for several weeks."

The engine and crew, which were working half day and half night in the Nickel Plate yards during the heavy freight movement of the past two weeks, have been taken off until there is a demand for the service again. Engineer Fullerton and Fireman E. V. Whitesell, the engine crew, have returned to the road service.

Boiler Foreman Michael Huntine and Boilermaker Fred Block sustained painful injuries yesterday while assisting in removing the debris from the site of the Kerr Murray shops. Some of the brick from a falling wall struck them. Mr Block was the most seriously injured, he receiving a severe scalp wound.

The Wabash Railroad company will probably contest, through the courts, the order of Railroad Commissioner Osborne, of Michigan, that it reduce its fares in that state to 2 cents a mile. The company contested last year's order to reduce the fare to 2½ cents, and the case, which will decide the legality of the order, is still pending.

The officials of the Lake Shore road in 1872 were President Horace F. Clark, General Manager J. H. Devereaux, General Superintendent P. D. Cooper, General Freight Agent Addison Hill, General Baggage Agent J. F. Freeman and Superintendent of Telegraph William Kline. With the exception of the two latter, all the above named officials are dead.

Passenger Engineer James McMullen, of the Pittsburg, is taking a lay-off to attend to some private business. Engineers George Ek and Harry Westerman and Firemen O. D. Wingert and J. F. Kring are sick and Fireman H. Hamilton is off duty on account of the death of his little nephew, mention of which was made in the Sentinel yesterday.

It will be a surprise to the shopmates of C. Denehy, a tinner employed in the Pittsburg shops, to hear that he is about to be married. The young lady is Miss Maggie Rayel, of Galion, Ohio, who has frequently visited relatives in this city, and the wedding is set for April 16. Both the prospective groom and bride have kept the matter a secret.

AN ARABIAN REVOLT.

Constantinople, March 26.—The well known Arab sheik Hamid Ed Dil has again raised the standard of revolt against Turkish rule in Yemen, one of the principal divisions of Arabia. The village near Monastier which it was announced yesterday had been burned is named Kruprik. One hundred and seventy houses in the place are reported to have been destroyed by the maruders and a number of the inhabitants, who are made up of Mussulmans and Bulgarians, are said to have been killed.

FOR THE GRIP.

You Have Heard of Many Remedies —Did You Ever Try This One.

Everybody you meet on the streets nowadays either has just had the grip, is coming down with it or has a sure cure for it.

The disease has been a puzzle to physicians ever since its appearance several years ago and it is as much of a puzzle today as it was then. It exhibits such a variety or symptoms in different individuals and leaves such disastrous results after apparent recovery, that as yet its prevention and cure has baffled medical science.

However, there is no doubt but that the grip is catarrhal in character, and the leading symptom in nearly every case is increased secretion in the head and throat, in fact the first indications of lagrippe are those of a cold in the head which extends to the throat and lungs.

Dr. Johnson Ames advises as the safest course to pursue on the first appearance of grip symptoms to keep to the house for a day or two and take Stuart's Catarrh Tablets every hour the first day and every two hours the following day and states that this will break up the trouble before it becomes deep seated.

These catarrh tablets are antiseptic and harmless and prevent fever and the further development of grip germs and ward off the ever-present danger of pneumonia.

Dr. Gerald Simpson says: "I have found Stuart's Catarrh Tablets a pleasant and thoroughly reliable remedy for the grip, especially with elderly people with whom this prevailing disease is always dangerous; the tablets can be found at any drug store and if used freely during the first few days of the attack will break it up."

Lagrippe is a catarrhal affection, the germs are in the air and no one is proof against it, but the timely use of Stuart's Catarrh Tablets will prevent any serious results.

A GENEROUS GIFT.

A member of Grace Reformed church, who desires that the name should not be mentioned, has given the sum of $1,000 to the church, to be used to liquidate the debt against it. Some time ago it was determined to raise sufficient money to pay off the entire indebtedness and the announcement of the generous gift, made by Rev. Zartman, on Sunday morning, was a pleasant surprise for the congregation. The sum of $600 has already been paid, and the balance is forthcoming soon. A canvass of the congregation will be made and efforts will be made to raise a like sum so that the indebtedness can be wiped out.

My large business permits me to buy the same high grade leathers used in high priced shoes, at a lower price than smaller manufacturers; and also to reduce the cost of manufacturing. This combined with my system of abolishing the middleman's profits, by selling through my retail stores direct from factory to wearer at one profit, has enabled me to place my $3.50 shoes on the feet of thousands of men who had been paying higher prices for their shoes, believing it was not possible to get a first class shoe for $3.50. I have convinced them that the style, fit and wear of my $3.50 shoes is equal to those that cost them much higher prices.

HELD A POST-MORTEM.

In the case of the Hamilton child, reported to have been under the care of regular physicians and subsequently turned over to Christian Scientists practitioners, a post-mortem examination has been made. A burial permit was refused, the physicians first having had charge of the case declining to make a death certificate, whereupon the matter was brought to the attention of Health Officer Proegler. He ordered a post-mortem which was made by Drs. Porter and Barnett and they found that death resulted from dropsy, superinduced by scarlet fever. A private funeral was ordered by Dr. Proegler.

RELIEVING THE SUFFERERS

EIGHTEEN PERSONS KILLED IN BIRMINGHAM.

SEVERAL SLAIN AT IRONDALE

ANOTHER SEVERE STORM IS REPORTED IN GEORGIA.

Birmingham, Ala., March 26.—Detailed reports show that yesterday's tornado visited practically every hamlet in Jefferson county, after passing through this city. Although no complete list of the dead and injured has been compiled, eighteen persons are known to have been killed and between thirty and forty badly injured.

Following were the points visited by the storm:

Birmingham, Pratt City, Bessemer, Irondale, Brighton, North Birmingham, Trussville, Weems, Woodlawn, and Avondale.

DEAD AT IRONDALE.

At Irondale the dead are:

G. W. Gardner, white, carpenter.

Mamie Hunter, colored, aged 4.

Clarence Hunter, colored, aged 10.

Injured:

Mark Triplett, Clay Gore, Wm. Gardner. Twenty houses were destroyed.

At Brighton the school house was demolished and the daughters of Mrs. Studder and Mrs. Walker were severely injured.

At Pratt City the Methodist church, the high school building, the commissaraie of the Tennessee Coal and Iron company and thirty negro shacks were demolished.

The villages of Trussville and Weems are reported destroyed, but no word has been received from them direct, as all telegraph and telephone wires are down.

Scores of houses were damaged in North Birmingham, Woodlawn and Avondale, but no loss of life is reported there.

RELIEF FOR SUFFERERS.

Today's efforts in the storm stricken section of Birmingham were directed toward giving relief to those who lost everything.

Troops guarded the devastated district last night. Firemen and policemen continue to search the ruins but no more bodies were found.

Mayor Drennen, who is directing the relief work, estimates that $10,000 will relieve the immediate wants of the sufferers. The larger part of this has been raised. A citizens' meeting was held at noon to organize for the distribution of the funds. As the larger number of the sufferers are negroes and the poorer classes of whites, the suffering among many of them has been acute.

Just how many people were hurt in the storm probably never will be known. Many paid no heed to their wounds in their anxiety to save their scattered household effects or look after the dead and more seriously wounded. Names of about fifty wounded have been obtained but this is thought to be only about half the number who were hurt.

In this city the property loss is estimated at two to three hundred thousand dollars.

CYCLONE IN MICHIGAN.

Kalamazoo, Mich., March 26.—The cyclone which swept across the southeast corner of Kalamazoo county yesterday afternoon cut off communication with the outside world and resulted in largely exaggerated reports of the loss of life and property in the district.

Up to noon today no fatalities have been reported and but two persons are known to have been seriously hurt.

They are Mrs. N. Tripp and Miss Snyder, both of the village of Pavillion, where the storm was the severest.

Mrs. Tripp may die. Trees, telephone poles, wind mills, etc., suffered, but the property damage is not large.

ANOTHER SOUTHERN STORM.

Alanta, Ga., March 26.—A terrific wind and rain storm passed over this city early today. A thousand telephones were temporarily put out of service. Otherwise the damage was nominal. Reports from the northern portion of the state visited yesterday by the tornado which created such havoc around Birmingham are to the effect that no serious damage was done. Many washouts were reported along the railroad lines, but these have been repaired and traffic is proceeding regularly.

ONE WOMAN INJURED.

Adamsville, Mich., March 26.—This vicinity was swept by a cyclone yesterday afternoon which caused considerable property damage and seriously injured one woman.

Mrs. Frank Kerr was alone in a farm house near Eagle Lake, when the wind tore it to pieces and she received serious injuries.

In this village Manling Brothers' store was demolished and the cemetery was greatly damaged by the cyclone. Fifteen acres of timber, three miles east of Edwardsburg, was uprooted.

Here at Adamsville an immense water spout was formed by the wind, which sucked all the water out of Christian Creek.

The storm was the same one which later struck the village of Pavilion.

GRAND RIVER IS IN FLOOD

LARGE PART OF GRAND RAPIDS UNDER WATER.

Factory Fires are Quenched and Many Men Rendered Idle—The Damage Heavy.

Grand Rapids, Mich., March 26.—Grand River has passed the high water mark and reached the danger limit here. It is 12½ feet above its normal level. Basements of factories, business houses and residences are flooded, a dozen large factories on the west bank of the stream are idle because the water has reached their fires and many men are idle.

A number of houses and factories are completely surrounded by water, and boats are used to go to and from them.

The river above and below the city is more than a mile wide in places. The railroads are having trouble north and west of here from washouts.

IMPROVES ON MRS. NATION

A WOMAN WHO USES THE TORCH TO WIPE OUT JOINTS.

Salvation Army Woman in Rochester Arrested for Setting Fire to a Hotel and Saloon.

Rochester, N. Y., March 26.—Eliza H. McNease, aged forty, was arrested last evening on a warrant charging her with arson in the third degree, in having on Sunday evening last attempted to burn the Brede hotel on South avenue. Mrs. McNease is a member of the Salvation Army and her neighbors believe her to be crazy on the temperance question.

She is said to have threatened to burn the Brede hotel and any other liquor places she can get at. Last night she sang hymns in her cell and did not seem to be worried over the affair.

ATTEMPT TO KIDNAP.

Wilkesbarre, Pa., March 26.—A daring attempt was made to kidnap Edward McAvoy, aged 11 years, of this city, today. Two men picked him up in the yard of his father's house, carried him to a surrey, placed a handkerchief saturated with chloraform over his nose and drove away. The child became unconscious from the drug and when he revived he found himself on the back seat of the vehicle, which was then jarring over a country road. Young McAvoy jumped from the carriage. One of the men ran after him, but the youngster's cries attracted the attention of the occupants of another carriage which was passing at the time and the kidnappers becoming scared whipped up their horses and disappeared.

ADJUSTERS ARE HERE.

Messrs. Cromer, Ritchie, Singleton, Wood and Ingram, of Indianapolis, representing the insurance companies carrying policies upon the Kerr Murray works, which suffered a severe loss from fire last Friday, arrived in the city this morning and today began the adjustment of the loss.

The C. L. Olds Construction company, of this city, has been awarded the contract for the construction of a waterworks plant at Syracuse, Kosciusko county. The standpipe system will be used, and the plant is to cost about $14,000.

THE NOTE IS MADE PUBLIC

MANCHURIAN TREATY IS NOT YET SIGNED.

Washington, March 26.—The crisis in the Chinese question brought about through the expiration of the period allowed for the signature by China of the Manchuria agreement was the principal topic before the cabinet today. The conviction obtained that the United States had done all that it could properly to prevent the consummation of this arrangement and to make clear to the public the complete disapproval which is entertained by the United States government for this sort of secret treaty making, it was deemed proper to give out for publication the following memorandum:

"Chinese Correspondence, March 1, 1901.—Telegraphic instructions sent to the representatives of the United States in Berlin, Vienna, Paris, London, Rome, Tokio and St. Petersburg.

"Department of State, Washington, March 1, 1901.—The following memorandum, which was handed to the Chinese minister on February 19, is transmitted to you for your information and communication to the government to which you are accredited:

"The preservation of the territorial integrity of China having been recognized by all the powers now engaged in joint negotiation concerning the injuries recently inflicted upon their ministers and nations by certain officials and subjects of the Chinese empire, it is evidently advantageous to China to continue the present international understanding upon this subject.

"It would be, therefore, unwise and dangerous in the extreme for China to make any arrangement or to consider any proposition of a private nature involving the surrender of territory or financial obligations by convention with any particular power, and the government of the United States, aiming solely at the preservation of China from the danger indicated and the conservation of the largest and most beneficial relations between the empire and other countries, in accordance with principles set forth in its circular note of July 3, 1900, and in a purely friendly spirit toward the Chinese empire and all the powers now interested in the negotiations, desires to express its sense of impropriety, inexpediency and even extreme danger to the interests of China of considering any private territorial or financial arrangements, at least without the full knowledge and approval of all the powers now engaged in negotiations. Hay."

THE OPEN DOOR.

Assuming that the arrangement is to be carried out, it is still the contention of the state department that nothing has occurred to change the status of the United States toward the "open door," as applied to any part of China, including Manchuria.

As far as written pledges can commit a power, Russia stands pledged to accord to the United States the "open door" if she takes control of Manchuria either directly by annexation or indirectly but quite as effectually as the means proposed in this Russo-Chinese agreement. That is the state department and that view is endorsed by the entire cabinet.

The administration believes that the secret agreement between Russia and China is in violation of the spirit if not the letter of the general understanding to which all the powers subscribed last summer and the United States government is prepared to use all its moral suasion and influence to prevent its consummation. Further than that, however, this government is not prepared to go. The president and members of the cabinet believe it is inconceivable that Russia is entitled perhaps to some separate guarantees from China for the protection of its railroad concession in Manchuria, but not to the extent to which it is understood the Chinese government is to obtain by the secret treaty.

INFORMATION AT HAND.

This government has information regarding this treaty, and while there is no indication of the exact nature or source of this information, it is considered accurate and definite.

The president and cabinet, it is understood, have no direct information concerning the imminent rupture between Russia and Japan, or its extent, but the developments are being watched with eager interest.

Generally, it is not believed here that there will be a collision between the two powers, as there is a strong impression that Japan would not undertake a war with Russia singlehanded and there is no indication that she would be joined by another power.

TREATY NOT SIGNED.

London, March 26—The foreign office and the Chinese minister informed the Associated Press at 6:15 p. m. today that the Manchurian treaty had not been signed, according to their latest advices today. Whether it would be signed or not they were unable to say.

CHINA WILL ACCEPT IT.

London, March 26.—In an interview published here this morning with a representative of a news agency Baron Hayashi, the Japanese minister in London, is quoted as saying he did not believe China would assent to the Russo-Manchurian agreement, the time for the signing of which expires today, although he thought there was little doubt but that China would ultimately accept it.

WILL WAIT FOR REPORT.

Pekin, March 26—The foreign ministers will not meet again until the committee is ready to report on China's resources. The committee is still hearing merchants, bankers and others on the subject. The Australian contingent left here this morning for Taku and will sail for home tomorrow. A Japanese regiment is starting today for Japan.

MINISTER WU IN NEW YORK.

Washington, March 26.—The Chinese minister left this morning for New York where he takes part today in the ceremonies connected with the Baron Hirsch memorial. Up to the time of his departure Mr. Wu had received no word from Pekin as to the final course to be taken on the Manchurian agreement.

As this is the last day within which the agreement can be signed or rejected, the out-come is expected to be made known very soon.

It has developed, however, that the signing is likely to occur at St. Petersburg instead of Pekin as the Chinese minister at the Russian capital, Mr. Yang Yu, formerly the minister here, has been furnished a copy of the twelve-article agreement which Russia expects to have executed.

At the same time a supplementary agreement may be executed at Pekin, although the one pending before Yang Yu is just now attracting chief attention.

BATTERED BY FIERCE SEAS

STEAMER LA CASCOGNE HAS TERRIFIC PASSAGE.

Life Boats Are Washed Away and the Life Rafts Damaged—Reaches Port in Safety.

New York, March 26.—Battered by fierce seas and tossed about by terrific gales, the French line steamer La Gascogne arrived today from Havre, forty-eight hours overdue. The liner left Havre on March 16 and until March 20 had very fine weather. On the morning of the 21st the wind came up from the northwest and the gales lasted throughout the following three days, and several times the steamer was obliged to turn tail and run before the fury of the blast.

Great seas broke over the starboard side with enormous force. The life boats on the upper deck were wrenched from the davits and smashed, the davits being bent almost double. Two of the life rafts were lifted from the upper deck and dropped down upon the upper structure, smashing skylights and ventilators.

The rafts were stove in many places and damaged beyond repair.

Fortunately none of the passengers were hurt.

Rev. Wright's subject tomorrow evening will be "The Progress of Christianity." Bible study tomorrow afternoon at 2:30 at the Berry Street M. E. church.

The subject of the sermon at the special service at Christ's Lutheran church tonight will be "Peter's Walk."

ROB AN OHIO BANK

BANDITS DYNAMITE VAULT AT SOMERSET.

GOT AWAY WITH $5,000 CASH

ESCAPE IN MIDST OF FIGHT WITH CITIZENS.

ACTED WITH FINE PRECISION

WITH BLOODHOUNDS IT IS HOPED TO GET THEM.

Somerset, Perry County, Ohio, March 26.—Seven bandits partially wrecked the State bank of Somerset early today by exploding a heavy charge of nitroglycerin in the vault doors, secured $5,000, appropriated two livery rigs, held a posse of citizens at bay, and escaped in the face of a heavy fire.

Bonds and securities to the amount of $30,000 and $5,000 in gold coin were overlooked by the bandits.

The bank was fully insured and its business will not be interrupted.

A heavy explosion in the bank building shortly before 2 a. m. aroused citizens living in the vicinity of the bank of Somerset. John Hayes, whose home is directly opposite the bank building, raised a window and quietly observed four men stationed in front of the bank. He saw that the whole of the two-story brick building in which the institution was located had been shattered and, believing he could frighten away the men, who, it was evident, were much alarmed by the strength of the explosion, hastily donned his clothes and sallied forth.

When he reached the sidewalk he was challenged and, under the influence of four rifles, pointed at his head, again mounted the stairs and secured arms.

Meanwhile, many other persons began to appear in the darkened street of the village. William Lovett opened fire on the bandits with a rifle, but his aim was not of the best and his shots only served to draw the fire of the robbers. The shooting soon became general as citizens crept toward the bank from all directions and the robbers evidently began to think of escape.

At a signal from the four on guard, three others emerged from the debris of the bank, bearing several sacks into which they had hurriedly placed their loot.

The robbers were under good discipline and their leader gave his orders like a military leader. "All ready, forward, march!"

Single file they marched under the shadows of the trees which lined the sidewalks, turned a corner, clambered into two rigs and drove in a northerly direction.

Citizens took up the chase and at 4 a. m. found the rigs, deserted, along the roadside. The sheriff of Perry county had been notified by telephone and arrived at daylight with a pack of hounds which will be used in the chase. The robbers were successfully tracked around by the hounds. It was found they had broken open a blacksmith shop to secure tools and then had taken the rigs in which they escaped from a livery stable near the bank. So successful were the hounds in their work that it is hoped the entire gang will be bagged.

President Samuel Beam, of the Somerset bank, said this morning that his institution will not suffer in the least except for the inconvenience caused by the wrecking of the vault and the blowing out of the front portion of the building. The loss is fully covered, he said, by burglar insurance. The bulk of the bank's funds, he said, are on deposit in other cities, otherwise the robbers might have been richly rewarded for their daring deed.

MATCHED TO FIGHT.

New York, March 26.—The Journal and Advertiser says: James J. Jeffries and Gus Ruhlin have about completed arrangements to fight for the championship of the world in San Francisco. In fact, they are practically matched. They have been offered a date, July 1, by J. J. Groom, manager and matchmaker of the National Sporting club, of San Francisco. The only hitch is on the question of the fighters' share of the receipts. The club has offered the men 60 per cent. of the gross receipts for a twenty or twenty-five round contest. Billy Madden, manager of Ruhlin, and acting for the Akron man, has demanded 70 per cent. of the gross receipts and $500 for expenses to San Francisco. Madden and Ruhlin have been negotiating with Groom for three weeks past and have been in the city during that time. They expect a definite reply to Maddens demand today.

NEW DIRECT MANILA SERVICE.

San Francisco, March 26.—Two steamers, the Monmouthshire and Carmarthenshire, have been placed on a new line of direct Manila service, established by the Oriental steamship company. They are steel ships of 3,000 tons burden and thirteen knots speed. The former is scheduled to start on her first trip on April 10 and will be followed by her consort on May 10. It is expected that the time occupied between this city and the Philippines will be twenty-one or twenty-two days, and the intention of the company is to provide thirty days' service. The route will be via Yokohama, Nagasaki, to Manila and Hong Kong.

COMPLETING THE TRANSFER

CANAL PROPERTY GOES TO THE SOUTHWESTERN.

Owners are Preparing Deeds for the Interurban Right-of-Way—Deal About Closed.

Within a day or two Messrs. Townsend, Reed & Co., owners of the Fort Wayne and Southwestern Traction company, will receive a deed for the right-of-way along the old canal property between this city and Roanoke.

The papers for the transfer are being prepared today, and it is possible the matter may be closed up today. The transaction involves a strip of land varying from 50 to 60 feet in width and fourteen miles in length, and Charles McCulloch is trustee for the several owners.

This is the property which has been in litigation for some time. A. M. Dukes, of Peru, seeking to restrain its sale to the Southwestern by reason of a previous option given him upon the property some years ago. The owners assert that Mr. Dukes failed to complete the terms of his option within the time limit; and that they were at perfect liberty to dispose of the property after that time.

DENIAL OF A TRUST STORY.

Cleveland, Ohio, March 26.—Prominent stockholders as well as the officials of the American Ship Building company in this city deny that the Morgan syndicate is endeavoring to secure control of their company. It is pointed out that Senator Hanna, who is reported to be negotiating the deal with J. Pierpont Morgan, is a very small stockholder in the American Ship Building company. It is said that Mr. Hanna controls less than 5 per cent in the stock of the company. Mr. James C. Wallace, a large shareholder and also general manager of the company, said today: "I am positive there is nothing in the story."

BRAZIL CABLES NOT WORKING.

New York, March 26.—The Commercial Cable company this morning issued the following notice:

"We are advised that the cable between Para and Cameta, Brazil, is interrupted, cutting off telegraphic communication with Cameta, Carupaba, Obidos and Manaos."

QUIET IN MARSEILLES.

Marseilles, March 26.—The operation of the street cars here has become more active today and there is an increased number of workers on the quays, docks and steamers. The strikers are comparatively quiet.

DISMASTED AT SEA.

London, March 26.—The Atlantic transport line steamer Minneapolis, from New York March 16 for London, has towed into St. Michaels, Azores, the new British bark Comet, of 2,837 tons, from Greenock March 8 for New York, which she had picked up at sea dismasted.

OTHER MINERS WILL DIE.

Connellsville, Pa., March 26.—All the miners who were injured in the explosion at the Gates mine yesterday are still living, but several of them are in a critical condition and are expected to die during the day.

The Ladies' Auxiliary of the Ancient Order of Hibernians will hold a special meeting at Library hall Wednesday evening, at which some very important business will come up for consideration.

BABE'S DEAD BODY

FOUND IN ST. MARY'S RIVER THIS MORNING.

A BOY'S GHASTLY DISCOVERY

LODGED IN WILLOWS NEAR VAN BUREN STREET BRIDGE.

CHILD WAS FULLY DEVELOPED

OFFICERS WILL INVESTIGATE AN UNNATURAL CRIME.

Startling evidence of a most unnatural crime came to light this morning, when the dead body of a new born male child was found lodged in the willows at the east side of St. Mary's river, just south of the Van Buren street bridge. The child was perfectly developed and the officers are positive it was cast into the water to hide a woman's shame.

The ghastly discovery was made about 7:30 by Carl Rogge, a lad ten years of age, who resides near the spot. He saw the object lodged against the willows, which grow densely at that point of the river, Rogge, who was at play along the river bank, at once called a companion, Ed Osenbaugh, a lad of about the same age.

The boys made sufficient investigation to determine the nature of the object and then told a number of ladies in the vicinity, who at once summoned Coroner Barnett. The little corpse had been wrapped in a corset waist and the officer fished the bundle from the stream. It was removed to Peltier's undertaking stablishment.

WORK ON THE CASE.

Coroner Barnett notified the police department and the officers are at work on the attempt to locate the perpetrator of the crime. Dr. Barnett says the body is that of a fine, large male child, fully developed, and was undoubtedly living and healthy when born. It is evident, too, that there was neither midwife nor physician in attendance and the conditions make it apparent that within a very short time after birth the unwelcome babe had been hurriedly bundled into its crude wrapping and cast into the river.

The officers do not believe the bundle was tossed into the river at or near the point where it was found, but that it floated down from some point farther up the river. They reason, also, that it must have been thrown from the Nebraska side of the river in order for the current to have lodged it at the point where it was discovered by the boys at play this morning. The coroner is positive, also, that the body must have lain in the water at least twenty-four hours, as upon different portions of the body are evidences of the action of mid-day temperature upon the delicate skin which had been exposed above the surface of the water. The perpetrators of the crime were careful to leave no trace which would tend to give the officials a clue, though the matter will be given a searching investigation.

MADAME SEMBRICH ILL.

San Francisco, March 26.—Mme. Sembrich may never sing in public again. Her physicians have advised the famous soprano to cancel all engagements and retire to her home in Dresden for a rest. In compliance with this advice Mme. Sembrich will start east tomorrow. Manager Graff has disbanded the company and the entire organization will return to New York. Mme. Sembrich was attacked with severe throat trouble in Salt Lake and on her arrival in this city there was no improvement. She insisted on appearing on the opening night, however, and since that time has been confined to her rooms and has gradually grown worse. Her voice is said to have been overtaxed.

TRADES AND LABOR COUNCIL

A WELL ATTENDED MEETING HELD LAST NIGHT.

Union Made Fort Wayne Cigars to Be Given a Boost—Preparing for Labor Fair.

The Trades and Labor Council met last evening in regular session with a large attendance of delegates. One of the principal topics under discussion was the fight being waged by the Cigarmakers' union against non-union cigars, large quantities of which are sold daily in Fort Wayne and in some stores they are even given the preference over home made goods. Dealers have been visited by the committee appointed for the purpose some time ago and now the advantages of smoking home made union made cigars will be expatiated upon in a circular. The coming fair of the council was also discussed and reports of committees were received. The fair will be held in the Saengerbund building and will commence two weeks from tomorrow night. It will be the most pretentious affair of its character ever attempted here. Some of the usual features of the average fair will be eliminated. There will be an absence of voting contests which have for their object the receipt of money without giving an equivalent. There will be band concerts, orchestra concerts and dance music, booths of all descriptions and many novelties out of the usual order. A slight admission fee will be charged and the holder of every ticket of admission will be entitled to a chance in a gift distribution of some kind. The committee is working diligently and expects to achieve a tremendous success. The special committee reported that an arrangement would probably be perfected looking to a co-operation of interests of the Liquor Dealers' association with trades unions in the handling of none but union made goods. Clerks union No. 288 was authorized to prosecute certain Bloomingdale grocers for violating the Sunday agreement. The differences between the union and the contractor for the Croney Bayer building was reported settled. Resolutions of sympathy on the death of Miss Jessie Lendormi, an Indianapolis union labor enthusiast, were adopted.

HIGH WATER STOPS WORK.

The high water in the Maumee river continues to annoy the contractor on the intercepter. Water backs up so that connections can not be made. Near Glasgow avenue the sewer was cut into and dammed and a pump has been put to work to get the water out so that work can be proceeded with. The water was reduced materially today and it is expected that work can be resumed tomorrow.

ABOUT THE CITY HALL.

At the meeting of the board of works yesterday afternoon little of importance was done after holding up the Southwestern railway's franchise for four weeks as detailed in yesterday's issue. The petition of property owners to narrow the new pavement on Barr street to 32 feet was turned down. The board held that there are enough paved alleys in town and what is wanted now is paved streets of good width. It was shown that a 32-foot street would be too narrow to meet the requirements of travel on that thoroughfare after it is paved and the probabilities are that a 40-foot pavement will be put down. Plans were ordered for sidewalks on Denison street and for grading an alley between Madison and Jefferson streets. A petition for a street light at the corner of Wells street and Fairmount place was filed.

The city council will meet tonight in regular session with a small amount of business before it. The principal business will be the formal acceptance of the donation of $75,000 from Andrew Carnegie. A resolution of thanks will be prepared and adopted and the proper authorities will be instructed to secure an abstract of the city's library property to assure the donor that the site has been provided as is required and certified copies of the ordinance providing for a library levy, assuring a revenue of not less than $7,500 per per year will also be prepared and forwarded. This being done the city will wait patiently for further suggestions from Mr. Carnegie and as soon as they are received plans will be advertised for. There is no disposition to allow the matter to lag on account of inactivity at this end of the line and it is hoped to have the building well under way before fall comes.

The board of safety will meet again this evening to further consider the cases of Firemen Lauer and Halber. As this is the second or third offense it is likely to go pretty hard with the boys.

Building permits have been issued as follows: Ernest Jahn, frame residence on High street; cost, $1,200; George Klug, frame dwelling on Lewis street; cost, $300; Alfred Hatersley, brick residence, corner of Berry and Lafayette streets; cost $5,900. O. F. Parker, frame residence on Holman street; cost, $1,000; August Anderson, frame house on North Harrison; cost, $1,200; Greenfelder Brothers, brick flat, Wayne and Ewing streets; cost, $6,000; Albanus Bros., repairs; cost, $150.

IN JUSTICES' COURTS.

The trouble between Firemen Halber and Lauer seems to be growing and is besides assuming some phases not looked for and hard to be accounted for. In Bullermann's court Hazel Wright has filed a job lot of affidavits that have some bearing on the case. Hazel is a young woman who holds forth in apartments on West Main street, and although she has of late developed a mania for filing affidavits, how she breaks into these cases is not known and will not be exploited until the trials, the first of which will probably be held Thursday. Hazel files an affidavit each against John Hedges, Charles Halber and William Halber for assault and battery on Peter Lauer, which would make it appear as though Peter stood pretty well with her were it not for the fact that she turns right around and files an affidavit against Peter for assault and battery and prevoke, too, on William Halber. Hedges and Charles Halber appeared before Bullermann this morning and took a change of venue, the case being sent to France, to be heard on Thursday afternoon at 2 o'clock. The arrests in the other cases have not yet been made. Altogether it looks like a badly mixed up mess and the bringing of the Wright woman into the fuss will not be apt to better the chances of the firemen with the board of safety.

Collars For A Lifetime $1.20

FOR 10 CENTS we will sell you a 4-Ply Linen Collar—that is just what it costs us. We have them in 25 fashionable styles. They are the same styles, and same collars, as cost 15 cents elsewhere.

Buy one or more at a time until you get a dozen.

BRING BACK THE DOZEN when you get them dirty. Pay us 30 cents—just what you would pay to launder them—and will give you a dozen new collars.

You pay for the dozen collars $1.20, and they will last you a lifetime in this way. As soon as the dozen gets dirty you get a new dozen for just the cost of laundering. Get the same style or a new style in exchange, as you wish. When the new dozen gets dirty, bring them back and exchange them.

We never sell the same collars twice. Those which are returned to us go back to the factory. They are cleaned there and sold at cut prices to jobbers. They never come back to us. You get absolutely new collars every time you exchange.

OUR REASON IS THIS:—We are conducting this plan at just what it costs us. Our object is to get people to our store, and to keep them coming for new collars as fast as the old get dirty. We believe that when you want something else you will naturally come here for it. Anyway you are welcome to come for the collars.

Think what that means. A 4-Ply Linen Collar for 10 cents in the first place. New collars in exchange perpetually for 2 1-2 cents each—just what you would pay to launder the old. No frayed collars; no collars laundered out of shape. Collars never wear out. Come and talk the plan over.

KEPT HIS PLEDGE SACRED.

"Give me a pony of brandy, quick," exclaimed a nervous looking man as he rushed up to the bar in a Broad street hotel yesterday afternoon. The liquor was at once forthcoming, but instead of gulping it down as the man's manner naturally suggested he would do, he poured a little into the palms of his hands, rubbed them together and buried his nose in his hands. This operation he repeated until the glass was empty. Then he paid for his drink and went out with a look of contentment on his face. "What's the answer?" asked an interested spectator.

"It simply means that there are more ways than one of beating the devil around the stump," said the bartender. "That man swore off drinking the first of the year and I don't believe he has swallowed a drop of liquor since. He inhales it now—always brandy. I've known him to come in here as often as five or six times in one day and go through the performance you have just seen. These swear-off fellows are queer fish. I know another man who stopped drinking whisky and took to bitters, the kind you put a dash of into cocktails. He traveled with a drinking crowd and every time the others took whisky he would pour out a drink of bitters. No, it didn't make him drunk, but it nearly ruined his stomach. He spent a month in the hospital and then went back to the real stuff.—Philadelphia Record.

SOAP DIGNITY.

IT IS easy to find a pure soap; it is easy to find a cheap one. The problem is to find both combined; a soap that is pure yet inexpensive. Ivory Soap is the best solution of that problem. It is an original product, evolved after years of experiment and research. It is the most of pure soap for the least money. It stands approved to-day by a second generation of Ivory Soap users.

GREAT STORE IS A GEM.

A multitude of delighted shoppers have visited the magnificent new People's Store during its formal opening the past week, and it is safe to say few were prepared for the elaborate elegance that greets one at every turn in this great store. Messrs. Beadell & Co. took a long step forward when they moved into the new quarters some weeks ago, but the subsequent growth and development of the institution has been fully as notable a transformation as the departure that marked the removal from the old home to the new. Within the past few weeks three departments have been added—millinery, shoes and ladies' suits—and even this does not measure the contemplated extent of the institution, which will be enlarged from time to time by the addition of still other departments. Two great floors are filled with an elaborate display of dry goods, notions, millinery, shoes, china and kindred lines, and exquisite taste, both in selection and in arrangement, is observed at every hand. The show windows, one of millinery and another of shoes, are among the most artistic ever seen in the city. They are the work of Mr. Probst, the window trimmer for the establishment. One feels amply repaid for an inspection of this great store.

SISTER MARY CATHERINE.

Sister Mary Catherine is dead at St. Mary's of the Woods, and Rev. J. F. Delaney, of St. Patrick's church, has gone to the institution to conduct the funeral services. Sister Mary Catherine was the founder of St. Patrick's school in this city and occupied the position of principal until about a year ago, when ill health compelled her to retire. Sister Mary Catherine was a woman of great piety and learning and the news of her death will cause much regret in local Catholic circles. She was Miss McFaul before taking the veil.

You Are Nervous

If you know it's due to something very serious, you had better consult your doctor.

But if it comes from worry or too hard work, or if it is due to nervous dyspepsia or impure blood, why not try Ayer's Sarsaparilla?

Your doctor will certainly approve of this, and we are confident it will do you great good.

You see, our confidence comes from a knowledge of this medicine extending over fifty years.

IT CAME BACK.

The Doctor's Wife Found Her Complexion Again.

Coffee is no respecter of persons when it comes to the poisonous effects thereof. A prominent physician's wife of Monticello, Ind., says that coffee treated her very badly indeed, giving her a serious and painful stomach trouble, and a wretched, muddy complexion.

Her husband is a physician of the regular school and opposed to both tea and coffee, so he induced her to leave them off and take on Postum Food Coffee.

The stomach trouble disappeared almost like magic, and gradually her complexion cleared up; now she is in excellent condition throughout.

There are thousands of highly organized people who are made sick in a variety of different ways by the use of coffee, and most of these people do not suspect the cause of their trouble. They think that others can drink coffee and are well, and they can, but about one person out of every three is more or less poisoned by coffee, and this can be proved by leaving off coffee and taking Postum Food Coffee. In nearly every case the disorder will be greatly relieved or entirely disappear. It is easy enough to make a trial and see whether coffee is a poison to you or not.

The name of the doctor's wife can be given upon application to the Postum Cereal Co., Ltd., at Battle Creek, Mich.

Tom Platt is the most recent and conspicuous instance of the "man who was."

Gen. Fred Funston, the dashing little Jayhawker soldier, has gone after Aguinaldo, but for obvious reasons it cannot be stated whether he will get him dead or alive.

Senator Bacon, of Georgia, and Secretary of War Root are going to the Philippines to investigate. The Georgia statesman will not be able to see as much as Senator Beveridge, while the war minister may be expected to see vastly more.

If there has been any "kangaroo" electric railway legislation in Indiana this year it is advisable to hold franchises in abeyance in this city until the specific nature of the laws are fully understood. It will not embarrass interurban enterprises to wait a few days and it may mean something vital to the city to know just what is what.

Senator Platt declares and Governor Odell confirms it that there has been no quarrel between the late boss and the new leader of New York republican politics. It is not doubted. It has been simply a case of amicable disagreement, following which the governor, with little ado and some assistance from minor leaders, calmly, deliberately, without anger, though with much determination, threw the "easy boss" out of the house into the wide, damp atmosphere of the external world. Only this and nothing more.

Statements that Russia is on the verge of revolution should be taken with the same allowance as the cable dispatches proclaiming war. There may be war in Asia and there may be revolution in Russia, but the former is not so imminent as some of the correspondents would persuade us, and as for the latter, the correspondents themselves probably know little about it. The censorship of the telegraph, as of most other means of communication in Russia, is so watchful and vigorous that when we read a St. Petersburg dispatch describing the widespread revolution there is a very strong presumption that it was written somewhere else. As to the detailed accounts of the czar's seclusion and the secret precautions taken for his safety, we are entirely secure in regarding them as works of imagination, equally with the intimate revelations of the domestic privacy of King Edward. We are not reflecting unduly upon the cable correspondents. These rumors and stories are floating about in Europe, and it is their business to pick them up. But, like the alarming dispatches from Shanghai, a large part of them are so obviously and of necessity guesswork, they furnish a very unstable foundation for essays upon old world politics.

WHAT SCHLEY THOUGHT.

Apropos of Admiral Sampson's unfortunate though characteristic break in the Morgan indorsement, somebody at Washington has unearthed a letter on the same general subject written to Congressman McAdoo in 1898 by Admiral Schley, then chief of the bureau of equipment and recruiting. It was in favor of a bill then under consideration in the committee of which Mr. McAdoo was chairman, looking to the promotion of two naval apprentices annually to the commissioned rank of ensign.

Schley not only believed that "no harm need be apprehended from such legislation," but he urged it warmly and presented at length the arguments in its favor, as tending to elevate the character and promote the efficiency of those whom he afterwards immortalized as "the men behind the guns." One sentence is worth quoting:

"In all other callings, except the navy, the way to the highest place is open to merit, and I ask if it is fair to that class of boys in this great republic, who, by the accident of birth, are so situated socially or politically as to be just without the opportunity or the means to reach Annapolis as the only road to official preferment?"

The above contrast between this view and Sampson's is characteristic of the two men, and the more so because Schley had original advantages in the accident of birth that Sampson had not. The measure advocated by Schley did not prevail, and his known democratic views have doubtless had much to do with the persistent antagonism of the bureaucrats of the Sampson type.

HOOSIERS REACH COREA.

Letters from Chemulpo, Corea, indicate the safe arrival of the party of eighteen young men who recently left Columbia City under a three years' contract with L. S. J. Hunt to work in the gold fields of Corea. Out of Yokohama, Japan, their vessel was for three days in a typhoon, but weathered the storm safely. All of the company were in the best of health when the letter was written, but they were very tired and anxious to get to work. They expected to leave on the 23d for the mines and had twenty-six miles to make by railroad and 220 on horseback, expecting the trip to take ten days. They intended to take only a part of their baggage and the balance will follow them two months later when the river is open for navigation.

Miss Maude M. Faust, of Defiance, Ohio, has been engaged to sing in the choir of the First Presbyterian church, commencing Easter Sunday. Miss Faust has a soprano voice of great natural sweetness which has been judiciously cultivated and she has sung a number of times in this city.

MANY DOCTORS IN COUNSEL

ALUMNI REUNION OF THE FORT WAYNE COLLEGE.

Enjoyable Meeting This Afternoon—Commencement and Banquet Tonight.

From every point of the compass the alumni of the Fort Wayne College of Medicine gathered today to attend the annual reunion held this afternoon at the college ampitheater, and while the attendance did not include nearly the complete membership of the organization, there was a good-sized gathering of doctors and the exercises were marked by notable interest.

The association president, Dr. W. F. Carver, of Albion, called the meeting to order at 1 o'clock this afternoon, and after the routine preliminaries the society inaugurated a new feature. It was the presentation of reports of cases which the physicians have met in recent practice, and in the discussion which followed the membership expressed opinions as consultant physicians. The feature was both interesting and profitable. The election of officers for the ensuing year was the closing business of the afternoon.

COMMENCEMENT TONIGHT.

All is in readiness for the annual commencement exercises of the Fort Wayne College of Medicine, to be held this evening at Masonic Temple, and admission is free to all. Reineke's orchestra will furnish music, and Rev. A. W. Seabrease will pronounce the invocation. Dr. C. B. Stemen, dean of the college, will make a brief address, after which Hon. Charles McCulloch, president of the board of trustees, will confer the degrees upon the class of four young physicians, and Dr. W. W. Barnett, secretary of the college faculty, will present the diplomas. Dr. H. V. Sweringen will deliver the valedictory, and Rev. D. W. Moffat will make an address. The graduates are Jesse B. Higgins, Eugene H. Ash, Francis McEvoy and John D. Mercer.

A BANQUET FOLLOWS.

Following the exercises at the Temple will come the annual banquet, given this year at the New Aveline hotel. Dr. J. L. Gilbert, of Kendallville, is to be toastmaster, and among those who will respond to the sentiments are Dr. A. P. Buchman, Dr. W. F. Carver, of Albion, Dr. E. H. Ash, one of the graduates; Dr. E. B. Hall, of Convoy, Ohio; Dr. S. H. Havice, Dr. J. C. Pence, of Lima, Ohio; Dr. S. Koontz, of Roanoke; Dr. Ernest Kohn, of Civette, Ohio, and T. E. Brennahan.

BOUND FOR TEHEBEN.

Never, in the history of present making, has so original and elaborate a gift been made by a subject to his sovereign as the one recently ordered in Washington from the Columbia Phonograph Co., by the Persian minister, for presentation to the Shah of Persia.

This magnificent gift, which was shipped March 21st from the factory of the American Graphophone Co., at Bridgeport, Conn., consists of a multiplex Graphophone Grand and thirty-four barrels of records and blank cylinders.

The machine was built on the model of the one exhibited at the Paris Exposition last summer, and which attracted the attention and won the admiration of visitors from all parts of the world. It is the most wonderful sound reproducing mechanism ever constructed and it contains new features, in addition to those embodied in the famous Graphophone Grand. It uses three separate horns, acting in absolute unison with three separate and distinct records, each one of which gives the same loud, pure tone as that of the Graphophone Grand. The combination of all three in unison, gives an intensity of volume and a sweetness and richness of tone which seem almost beyond belief and results are obtained that is difficult to realize are within the possibilities of sound reproducing mechanism.

One of the interesting features of this precious shipment is that it will complete the last stage of its journey from Batum to Teheren—on the backs of camels, and it goes without saying that no present that has ever been received at the palace of the Shah created even a small fraction of the interest that will be awakened when this phenomenal instrument, from far away Connecticut, makes its appearance and lifts up its wondrous voices.

COMMITTEES WILL MEET.

This evening at the rooms of the Commercial club there will be a meeting of the auditorium committee of twenty-five and the ward chairmen for the purpose of making a survey of the canvass as it had proceeded up to the present time, and to gain if possible, an accurate idea of the total amount now pledged for the big building. At the same time arrangements will be made for a canvas of the down-town districts by a special committee appointed for that purpose.

MARRIED AT NOON.

At noon today, in the parlors of the Rich annex, occurred the marriage of Mrs. Sarah E. Blythe, of Eau Claire, Pa., and S. F. Biteman, of Ceylon, Ind., a small village near Geneva. The ceremony was performed by Rev. H. J. Norris, pastor of the Berry street Methodist Episcopal church, and the only witnesses were Mrs. Brown and Frank Purcell, of the Hotel Rich. At the conclusion of the ceremony the wedding party, including the officiating clergymen, sat down to a sumptuous wedding repast and the remainder of the day was spent in seeing the sights of the metropolis. Mr. and Mrs. Biteman are middle aged, well-to-do people, and both formerly resided in Geneva. About four years ago the bride removed to Eau Claire, but recently they decided to be married and arranged that the event should take place in Fort Wayne. Mr. Biteman was formerly the pastor of the Christian church in Geneva, but retired from the ministry some time ago and opened a general store in Ceylon. They will go to that town tomorrow, where they will reside in the future.

VISITING NURSE LEAGUE.

The annual meeting of the Visiting Nurse League will be held in the council chamber, city hall building, Thursday evening at 8 o'clock. Officers will be elected for the ensuing year, and a report of the work of the visiting nurse will be made. It is probable that a number of brief talks will be given by prominent citizens who have observed the progress of this newly-organized charity. Everybody is welcome and a most cordial invitation is extended the physicians of the city to be present.

DEMOCRATIC PRIMARY ELECTION.

To the Democrats of Fort Wayne:

The election of delegates to the democratic city convention will take place Tuesday, April 2nd from 4 o'clock to 7:30 o'clock p. m.; at the primaries there will also be nominated by direct vote two candidates for councilmen for each ward.

The delegates elected at the primary will meet in the assembly room, court house, on April 3rd, 1901, at 7:30 o'clock p. m., and nominate a candidate for mayor and city clerk. The number of delegates shall be proportioned at the ratio of two delgates for every 100 votes and one for every 50 votes and fraction over 25 votes cast at the last city election for Henry P. Scherer, mayor, and shall therefore be according to this division as follows:

Wards	Delegates.
First	10
Second	10
Third	9
Fourth	10
Fifth	10
Sixth	11
Seventh	9
Eighth	13
Ninth	9
Tenth	10
Total number of delegates	101

The election of delegates shall be held at the following places:

FIRST WARD.

All north of Washington street at Allanus Brothers' Carriage Works.

All south of Washington street at 117 Hanna street, Tapp building.

SECOND WARD.

All north of Washington street at 24 Barr street, Burkhart shoe shop.

All south of Washington street at 154 Barr street, Lauer's barber shop.

THIRD WARD.

All north of Pittsburg railroad at Meyers' livery barn, (Washington boulevard).

All south of Pittsburg railroad at 269 South Harison street.

FOURTH WARD.

All north of Wayne street at Liebman's carpenter shop, Pearl and Ewing.

All that part south of Wayne street and north of Pittsburg railroad at Hilgeman's grocery.

All south of Pittsburg railroad at 60 Fairfield avenue.

FIFTH WARD.

All west of St. Mary's river at 385 West Main street.

All east of St. Mary's river at Hippe's livery barn on Broadway.

SIXTH WARD.

All north of Wabash railroad at 2321½ Broadway.

All of the Sixth ward south of Butler and east of Fairfield avenue at Rhinehart's grocery, Calhoun street.

All south of Poplar street and Wabash railroad, west of Fairfield avenue and east of river at South Wayne Town hall.

SEVENTH WARD.

All east of Lafayette street at Klipper's Bakery, 393 Lafayette St.

All west of Lafayette street at Spanley's grocery, 457 South Calhoun street.

EIGHTH WARD.

All south of Maumee road corner Ohio and Lewis streets.

All north of Maumee road at 385 East Wayne street.

NINTH WARD.

All north of Third street at 112 Wells street.

All south of Third street at Brink's drug store.

TENTH WARD.

All west of Smith street at southeast corner of Force and Buchanan streets.

All east of Smith street at northeast corner of Thomas and Buchanan streets.

The vote shall be by uniform ballot to be furnished under the direction of the city central committee. There shall be two ballots for each ward, one to contain the names of delegates and the other the names of all candidates for councilmen. The name of the candidate who is represented by delegates must be printed in large letters above the names of his delegates.

The ticket for delegates must be printed on white paper, those of the councilmen on red paper.

The voter will vote for two councilmen on one ballot and express his choice by lead-pencil cross in front of the names of those voted for. If there is no objection to any of the delegates, the entire number can be voted for, without marking the ticket; if otherwise a lead-pencil cross must be placed in front of the name of each delegate voted for. Any person desiring to vote for any delegate whose name does not appear on the ticket, can do so by writing his name on the ticket and scratching out the name of the one voted for.

If there are only the names of two candidates for councilmen on one ticket and the entire ticket is voted without pencil mark then both names will be counted as voted for.

Two city central committeemen will also be elected at the election, and the names to be voted for must be printed or written upon the ballots of councilmen.

The result of the election must be immediately reported to the city central committee.

All delegates elected must meet at assembly room in court house, Wednesday, April 3 at 7:30 p. m., to make nominations.

By order of the democratic city central committee.

W. H. SHAMBAUGH, Chairman.

Collapse.

Caused by overwork? No, caused by undernourishment. Work rarely causes collapse. It is worry—the outcome of a low condition of the nervous system and inadequate nutrition which generally causes collapse. The collapse seems sudden, but in reality it is a slow process. The stomach and organs of digestion and nutrition are diseased, the nourishment in the food eaten is only partially extracted and imperfectly assimilated. The blood becomes impure; the very fount of life is poisoned, and some day all the faculties and functions go on a strike. That's collapse. Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition, purifies the blood and builds up the weak body with sound healthy flesh.

"I was cured of a very bad case of indigestion, associated with torpid liver, by the use of Dr. Pierce's Golden Medical Discovery," writes Mr. C. B. Bird, of Parkside, Dubuque Co., W. Va. "Before I began the use of Golden Medical Discovery I had no appetite, could not sleep, nor work but very little, bowels constipated, and life was a misery to me. After taking four bottles I felt so well that I went to work, but soon got worse, so I used it about eight weeks longer, when I was permanently cured."

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay cost of mailing *only*. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for cloth, to Dr. R. V. Pierce, Buffalo, N. Y.

From Hanau, in South Germany, an invention is reported for the soldering of aluminium, hitherto deemed impossible. The process employs no acids or other metal, and resists the action of the weather.

A MINE WAS LAID

UNDER PALACE OF THE CZAR NEAR ST. PETERSBURG.

A FORTUNATE DISCOVERY

SEVERAL NOTABILITIES ARE IMPLICATED IN PLOT.

POLICE BLAMED FOR RIOTS

CZAR SAID TO BE NERVOUS OVER POLITICS.

London, March 26.—A dispatch to the Exchange Telegraph company from Paris states on the highest authority that a mine has been discovered beneath the palace of Emperor Nicholas at Tsarskoe-Selo, seventeen miles south of St. Petersburg.

Several notabilities, the dispatch further says, are implicated in the plot against his majesty. The Russian press was not permitted to mention the affair.

BLAMES THE POLICE.

St. Petersburg, March 26.—A circular issued by the minister of the interior blames the police for not crushing the demonstrations at the outset by the dispersion of the gathering crowds. It says the police must learn when and where demonstrations are planned and mass their forces there. Above all order must be restored at any cost, and the authorities must not fear to use the necessary force and severity.

The military, the circular further says, can be called upon when firing is necessary and the cavalry may be summoned upon any occasion to clear the streets.

The Russian Authors' Mutual Aid association, founded by the Russian Literary society, has been ordered to close its premises, owing to a protest of the authorities during the recent riots issued a short time ago.

A student at the St. Petersburg university named Proskuriakoff, who has been sentenced to two years' military service and drafted into a regiment soon to leave for Turkistan; a woman student named Smirneva, and Lieutenant Kutkness, of a Sapper battalion, have been found dead near Yamberg in the St. Petersburg province. The student held a revolver and it was evident that the three persons had committed suicide.

The press is beginning to display uneasiness on account of the position taken by Japan with regard to Manchuria, though the Bourse Gazette expresses itself optimistically, declaring its confidence "that this question will never become an apple of discord between the two mightiest Asiatic powers."

BY THE CZAR'S WISH.

London, March 26.—A dispatch from St. Petersburg to Reuter's Telegram says that in consonance with what is believed to be the czar's expressed wish, the minister of the interior has published instructions for the authorities of the towns and provinces, recommending preventive measures against disturbances as being more effective than severe repression after disturbances have broken out.

The Birmingham Post, which is closely in touch with Joseph Chamberlain, says news received in high quarters in London indicates that the czar is in a very nervous state owing to the condition of the political horizon. It is said that he fears the result of the policy of his ministers in the far east, while the student troubles and threats against his life, of which there are more than have been published, have completely unnerved his majesty. His medical advisors have strongly counselled a yachting cruise, but the czar has refused to follow their advice. Those behind the scenes in Russia take a very grave view of the present agitation and think it is the beginning of more serious troubles.

HOLINESS CONVENTION.

Chicago, March 26.—A holiness convention has been called to meet in Chicago from May 3 to 13 with the idea of uniting all "holiness" organizations throughout the world into an international union. The call for the convention is signed by the following: G. Hughes, New York; W. T. Hogue, Illinois; Isaiah J. A. Reid, Iowa; J. Wood, California; A. M. Hills, Texas; J. McD. Kerr, Canada; C. N. Crittenton, Washington; A. Smith, Missouri; S. B. Shaw, Illinois.

GENERAL WEAVER A MAYOR.

Des Moines, Iowa, March 26.—Gen. J. B. Weaver, ex-congressman and former greenback candidate for president, has been chosen mayor of Colfax on the citizens' ticket. Most of the larger cities of Iowa are under special charters and will not hold their municipal elections until April, but the elections yesterday in cities of the second class from which the returns have been received showed numerous changes in political control, as party lines were not sharply drawn.

NO OPERATION NEEDED.

[Huntington Herald.]

Albert Stauch went to Fort Wayne Sunday to visit his wife at the hospital. He brings back a flattering report concerning his wife's condition. The strange growth in her side for which it was decided to perform an operation, has suddenly disappeared and no operation will be necessary. What became of the peculiar formation no one knows. It vanished so mysteriously that the surgeons and even the patient herself are all puzzled and cannot assign a reason for the sudden change in the afflicted lady's condition.

A physician states that the growth had been large, hard, and very painful. It was so sensitive the patient could scarcely bear to have the surface touched, but now there is not the least evidence that such a thing ever existed in the woman's side. The parts can be examined and handled without causing any pain.

Such an occurrence has never taken place in the hospital before. If the trouble had been in the nature of an abscess and emptied its contents into any of the surrounding cavities peritonitis would have set in and death resulted in a few hours. As already stated, the case is a mystery to all concerned and the only hope now is that the trouble has disappeared for good.

It is now expected that Mrs. Stauch will be brought home and that her complete recovery is altogether probable.

CHANGES WILL BE GENERAL

According to Rev. M. S. Marble, of Kokomo, presiding elder of the Kokomo district Methodist Episcopal conference, unusual conditions exist this year. As far as he can learn nearly all the churches embraced in the entire conference will request the return of present pastors, this being due in a large measure to the very successful work done in the past year. Nevertheless Elder Marble is of the opinion that many more changes would be made at the annual conference, which he held at Elwood, beginning April 10, than were made at the last conference. He thinks that one-third of the pastors will be changed unless it is shown that better results may be attained by return of the preachers to present charges.

ELECTED OLD DIRECTORS.

The first annual meeting of the Wayne Dry Goods company was held Monday evening at the company's store, and the old board of directors was unanimously re-elected. It is composed of Messrs. Lloyd, Williams, Hitzeman, McCurdy and Kappel.

The reports of the first years' business was most gratifying, and the fact that the company was able in the first year of its business to pay its stockholders a satisfactory cash dividend, in addition to making extensive enlargement of the business, is a high testimonial to the safe and conservative business methods of this well-known firm. The Wayne company will rank high among Fort Wayne's commercial institutions.

WILL BUILD A BAND STAND.

(Bluffton News.)

The Commercial club has decided to take the matter in hand of building a band stand on the public square for the concerts this summer. It will be a first class stand and will cost not less than $100. Plans are being drawn for its construction and it is designed to be permanent and fitting for all kinds of public uses. As soon as plans can be exhibited, a committee from the club will solicit sufficient funds to construct it, and it will be built at once as the concerts will begin not later than May.

MAGNATES ARRIVE

INTER-STATE DELEGATES IN THE CITY.

THE CIRCUIT IS A PUZZLE

HARD THROW-DOWN IN STORE FOR TWO OR THREE.

STROBEL STRANGELY LATE

A LIVELY TIME PREDICTED FOR THE MEETING.

What will they do?

The big fellows of the little league are nearly all congregated in Fort Wayne today for the ostensible purpose of reorganizing the Interstate league but in reality to give somebody a swift and sudden bump in the neck and pitch him out into the unexplored henceness. In the language of the poet et al., the plot thickens. There are now eleven cities clamoring for a front seat in the Interstate with only eight upholstered chairs to put them in. Each of these cities has claims apparently equal for recognition. At this writing all is serene on the surface and it is impossible to make even a good guess at the outcome. At noon all the cities had reported except Toledo and Mansfield. Strobel can be expected to come marching down the Wabash track at almost any minute for he is usually first on the ground when there is any base ball palavering to do. Dayton will be represented by Mr. Mautner who received Mr. Armour's proxy last evening. Indianapolis is well represented and if it can't coax the boys to be good it will over power them and make them be good. Hal Reed, of the News, is here to look after the newspaper end of the story and W. H. Watkins, C. F. Ruschaupt owners of the Indianapolis team and incidentally everything out doors not claimed by the National league, together with Walter R. Wilmot form the Capital City contingent. Wilmot is supposed to represent Louisville, which is the same thing as Watkins. The Indianapolis magnate, besides some very good clothes, wears a large and complacent smile on the outside and a large and well stuffed club on the inside; this club is the private property of one J. T. Brush, who loans it to his friends in cases of emergency. Mr. Watkins also has a phonograph through which he talks. This phonograph says that Watkins says that Indianapolis will be in the Interstate this year or there will be no Interstate and he adds that he guesses he will change the name of the league to something that don't smell quite so loud as Interstate — Central for instance.

E. W. Dickerson is here in the interests of Grand Rapids, which has an organization for further orders, and don't propose to be left standing out doors when the whistle blows, and W. W. Irwin, representing Wheeling, says he has $10,000 clean cash back of him to carry his point and land the West Virginia town on top. Frank Brosier and A. C. Alexander, of Marion, are stopping at the Wayne and are looking well satisfied and smiling, and agree among themselves that Marion has a cinch on first place when it comes to making up a circuit, and Charles E. Eastman, of Anderson, points to the fact that his is the only town on earth that has a ball ground right in the front yard among the flower beds, and as for money—why there is no end of money down there; he considers that it would be simple suicide to cut Anderson out. As stated Toledo will show up in time and the only town missing at this writing is Mansfield. The magnates greet each other pleasantly with one hand and feel the edge of their knives with the other. From a distance it looks as though every fellow was fortified in an impregnable position, yet each acknowledges that somebody will get a kibosh over a yard long hooked right in the solar before morning. Its a Chinese puzzle and the best guesser will miss it a mile.

LATE IN STARTING.

At 3 o'clock the meeting had not yet been called to order and but three or four of the representatives were at the club house. The failure of Strobel to come in on time was the excuse for the dilatoriness of the representatives in assembling. Meantime everyone who could find a wire to pull had hold of it tugging to dear life. The latest rumor is that there will be a determined effort made to freeze Indianapolis, Louisville and Grand Rapids out claiming that the league was organized and perfected at Columbus week before last and that every city then represented had discharged its obligations and if any of the cities named wanted to get in they would have to buy their way. One delegate significantly remarked: "Watkins may be the whole thing but you must remember that he hasn't got into the meeting yet and I don't think he will."

It is certain that no business will be transacted until after supper.

E. S. Barnard, sporting editor of the Columbus Dispatch, the accredited representative of the Columbus club, was among the first arrivals. He says that things in Columbus brightened wonderfully during the past twenty-four hours. When the club met last night for final organization it was still fifteen shares shy of the requisite amount of stock necessary to capitalize the club on a $2,500 basis. Mr. Barnard announced that he would take four shares if the other people present would take the other eleven. This started the ball rolling and in a few minutes the full amount was subscribed and there was more in sight, including $500 in cash. It was then decided to increase the capital stock to $5,000, of which $3,000 should be paid up and the balance treasury stock. The club was then organized on that basis and President Butterworth, of the chamber of commerce, was made president of the association, which will be incorporated under the laws of West Virginia. The outlook for good ball was never brighter in Columbus than now and one of the missions of Mr. Barnard is to secure the services of Walter Wilmot for manager in case Louisville does not come in and pre-empt him.

NOTES OF THE GAME.

Interstate league teams looking for infielders would not make a mistake by picking up George Nill, of this city. The company would be none too fast for him.

The Shamrocks will hold a meeting at the usual place next Sunday morning at 10 o'clock, when all arrangements for the coming season will be completed.

Mahan, one of the Shamrocks' hard hitters, who has been signed to play on the Fort Wayne team, is working hard to get in good form the coming season. He is a reliable, hard-working player, and the Shamrocks all wish him success.

The Fort Wayne league team and the Shamrocks will mix it up again next month. In the April games last spring the Shamrocks took the leaguers' measure, and expect to give them a merry trotting this spring.

"Cy" Swaim, who was a member of the pitching staff on the local league team last year, leaves on Monday for Colorado Springs, where he has signed for the coming season. Brashear, Hollingsworth and other locals, who have signed with the Western league, will leave early next week for their respective cities. The men have been putting in some hard practicing at the base ball park, and say they are in fine condition.

Some of the new league towns, not yet out of their swaddling clothes, want to change the name of the league from Inter-State to "Western Association." Inter-State is plenty good enough—that is provided Watkins thinks so.

ARTHUR CHAMBERLAIN WINS

LIBEL SUIT AGAINST LONDON MORNING LEADER.

Newspaper Settles Cases of Other Complainants—Imputations Are Withdrawn.

London, March 26.—Arthur Chamberlain, in his libel suit against the Star and the Morning Leader has been awarded £1,500 damages.

After the verdict in the case of Arthur Chamberlain, Neville Chamberlain's libel suit against the same papers was settled for similar damages and all imputations have been withdrawn.

BUSINESS TAKES A BRACE

CASH TRANSACTIONS MADE IN POLICE COURT.

Maud Bowman's Resort Raided and a Swag of Forfeit Bail Settles the Misdemeanor.

There was the old-time ring about the clatter of the coin on the mayor's desk when police court opened this morning. There was no Superior street coin in the bunch, but Maud Bowman was represented in the usual $21 bill. Frederick Kline and Cora Adams were also at the front with their little deposit of $10 apiece and all these sums were forfeited. The storm center seems to be passing westward and the Clinton-Superior street corner is safe as usual, for awhile at least.

GUINNIE STRODE AWAY.

Guinnie Buck was the name given by a fresh colored wench who was run down after an exciting chase by Officer Paul yesterday afternoon. The officer is getting portly and is not as spry a sprinter as he used to be, but he managed to overtake the nimble Guinnie on the third lap. Miss Buck says she came here from Lagrange and that her principal diversion and avocation is dancing the "Mobile buck." Asked who she knew in Lagrange, she claimed acquaintance with the Millers, the Browns, the Smiths, Joneses, Johnsons and a number of other well known families. The mayor thought long for a minute and said he guessed he'd send her over, whereupon she stated that if he would let her go this time she would get out of town in a minute. Hizzoner remarked that a minute would be all she could have, and judging from the rate Guinnie made going south on Barr street she had plenty of time to spare.

HE GAVE THE GRIP.

A well known German citizen, who said his name is Theodore Beyer, was slated for drunkenness. Meantime his wife had written a letter to the mayor asking him to give him a scolding, but not to fine him, and to send him home in charge of a policeman so that he could not get absent-minded and get into the saloons on his way home. The mayor looked at Theodore very sternly and said he guessed he'd have to make an example of him and send him over for a few months. Theodore at this became very wobbly in the legs and reaching across the desk, wanted to shake hands with the mayor for old comradeship's sake. They shook and the grip worked. What the magic sign was that did the business would not be seen by the curious crowd, but it was a lulu grip anyway. The mayor told him to make a straight shoot for home and threatened all sorts of dire vengeance if he was ever brought up again.

SENT OVER ON SUSPICION.

James Harrison was the name given by an individual arrested by Detective Coling on suspicion of being a vagrant. He found him in Libbing's second-hand store, trying to pawn some "phony" jewelry. When arrested he had a raft load of all kinds of trinkets on his person and a bill for a lot more which had been shipped to him here by express. He had letters showing that he had several aliases. He vigorously denied being a vagrant or crook, but being unable to give a satisfactory account of himself he was sent over for twenty days to give the police department an opportunity to look him up.

TWO BAD BOYS.

Detective Coling last evening arrested two bad boys named Andrew Dorsie and William Driftmeyer. They are a pair of very bad boys who have been giving the people in the west end much trouble. They recently broke into the West Washington street school house; are the boys who used to take Evangelist Hunter's horse for a ride; have been caught smearing paint over fences, and are generally a bad pair. When taken to the police station they were badly frightened and were very penitent; they cried pitifully and promised better behavior. On their promise to report to the mayor at 8:30 this morning they were released, but they failed to show up. The detective will go after them again and their next arrest will not terminate so mildly.

LOITER IN POSTOFFICE.

The postoffice officials have complained that the postoffice lobby is being made a tryst ng place for lovers late at night and a general rendezvous for tough kids and some older persons also tough. The superintendent of police has given strict orders to the officers on the beat to keep loiterers out of the place and has instructed them to arrest all persons found congregating there after the office is closed after having notified them once that the practice must be discontinued.

POLICE NOTES.

A false alarm of fire was sent in from box 212, on St. Mary's avenue, at 5 o'clock this morning. The department made the run through heavy mud and found that the box had been broken and the alarm turned in by mischievous boys. The mayor's leniency with offenders in this regard has made boys very indifferent. A severe punishment might have a salutary effect.

The police last evening picked up a stray gray horse, which was stabled at the City trucking barn.

Sam F. Swayne has not yet received any intelligence of his horse and carriage taken from his barn night before last. Postal cards describing the outfit were sent out by the sheriff yesterday afternoon.

A daylight robbery was committed Monday during the noon hour at the office of the Prudential Insurance company, in the Bass block. It is customary to leave the outside door, leading from the hall into the office lobby, open when the clerks go to dinner. Monday a cigar box containing $85 in coin was left standing on the desk when the force left at noon. The thief, evidently familiar with the box, managed to reach it through the cashier's window and made away with it undiscovered. Neither the insurance men nor the police have any clue to the robber.

THE MARKETS.

Chicago, March 26.—Grain and provisions were dull during the forepart of today's session. May wheat opened unchanged to ⅛c lower at 75⅞c to 75⅜c, sold off to 75⅛@75⅜c on lack of outside interest and rallied to 75⅜@75⅞c on covering. The crowd was bearish, but kept a careful eye on corn. Local receipts were 137 cars, 6 of contract grade, while Minneapolis and Duluth reported 368 cars against 397 last week and 483 a year ago.

There was a fairly heavy trade in corn at the opening. May sold ⅛@⅛c lower at 42⅛@42¼c and further declined to 42c, where it steadied on the unsettled weather and reacted to 42⅛@42⅜c. Receipts were 284 cars.

Oats were featureless. May opened a shade lower at 25@25⅛c and sold to 24⅞@25c with corn. Receipts were 327 cars.

Provisions opened firm on fewer hogs than expected and higher prices at the yards. May pork opened 10c higher at $15.80 and sold off to $15.75; May lard opened 2½@3c up at $8.02½@8.05; May ribs opened 2½c improved at $8.00 and fell to $7.95.

THE CLOSE.

Prices at the close were as follows:

Wheat—March, 74½c; April, 74⅛c; May, 75½@75⅝c.

Corn—March, 40⅜c; May, 42⅛@42⅛c.

Oats—March, 24⅛c; May, 25c.

Pork—March, $15.15; May, $15.70; July, $15.12½.

Lard—March, $8.15; May, $8.07½; July, $8.02½; Sept., $8.02½.

Ribs—March, $8.00@8.02½; May, $8.00@8.02½; July, $7.90; Sept., $7.87½.

Flax—Cash N. W., $1.55; May, $1.54½; Sept., $1.15.

CHICAGO LIVE STOCK.

Chicago, March 26.—Cattle—Receipts, 3,500; market generally steady; canners and cutters shade higher and active. Good to prime steers, $5.00@6.00; poor to medium, $3.75@4.85; stockers and feeders, $2.75@4.65; cows, $2.70@4.35; heifers, $2.75@4.60; canners, $2.10@2.65; bulls, $2.80@4.35; calves, 15 to 25c lower than a week ago, $4.50@5.75; Texas fed steers, $4.00@5.00; Texas grass steers, $3.45@4.00; Texas bulls, $2.50@3.75.

Hogs—Receipts today, 16,000; tomorrow 24,000; left over, 2,150. Market 10c higher and active; top, $6.20. Mixed and butchers, $5.95@6.10; good to choice heavy, $6.05@6.20; rough heavy, $5.90@6.02½; light, $5.85@6.07½; bulk of sales, $6.00@6.10.

THE DAY ON WALL STREET.

New York, March 26.—The majority of stocks showed gains at the opening, but there was a large sprinkling of losses among important stocks and large offerings had to be established. Changes were in nearly all cases small but there were gains of about a point in Erie first preferred and Denver and Rio Grande and of 1½ in Chicago and Aston. Trading in stocks was confused and mainly reactionary, although support was evident here and there. The buying appeared less confident than of late and was without effect on the general list, which declined. The selling was not confined alone to the leading stocks, but included many of the less active properties which had become prominent upon pool manipulation and rumors of deals.

Losses reached a point in many cases, but did not exceed large fractions for the standard stocks.

When Missouri Pacific was taken hold of later and advanced to 102½ the Granger and other Southwestern hardened rapidly, Denver and Rio Grande rallying from 45¾ to 48 and Kansas and Texas preferred, Wabash preferred, St. Paul and Burlington rising a point.

At 11 o'clock the general market was holding well on the rally, but profit-taking continued effective in spots.

Business contracted greatly as prices worked upward. Burlington extended its rise to 2 points. The bears, perceiving the lessened demand, offered stocks freely.

The Southwestern group, which had made the best showing earlier, was vigorously attacked. Sugar, the Tractions, Union Pacific and the Grangers were then sold with effect. New York, Chicago and St. Louis second preferred declined 3 points, the first preferred 2, and Hocking Valley 2. United States Express advanced 4 and Pressed Steel Car 2½.

Bonds were irregular.

THE MONEY MARKET.

New York, March 26.—Money on call nominally at 2½ per cent; prime mercantile paper, 3½@4½ per cent; sterling exchange strong with actual business in bankers' bills at $4.88¼@4.89½ for demand and at $4.84½@4.85 for 60 days; posted rates, $4.85½ and $4.89; commercial bills, $4.84@4.84½; silver certificates, 61½@63c; bar silver, 60¼c; Mexican dollars, 49c.

THE BOND MARKET.

L' Art Nouveau Parlor Suit. . . .

The very latest thing in parlor goods—fresh from the Paris exhibition. By some "L'Art Nouveau" is translated "The New Art," by others "The Art of Nature" or "Nature's Art."

The new furniture thus designated, in both frames and upholstering, follows nature. The frames are ornamented by the use of limbs, branches, leaves or blossoms, shown in the carvings. The coverings are usually in heavy silk damasks and the figure will be that of some flower, the calla lily being a favorite.

We show one of these suits in our Court street show window this week, the three pieces being worth $80. If you want something exquisite for your parlor and something entirely new, secure this, the first L'Art Nouveau suit brought to this city.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

GOULD'S SCHEME

NEWS FROM NEW YORK INDICATES ITS SUCCESS.

INVOLVES ABOUT $300,000,000

MORGAN, ROCKEFELLER, HARRIMAN AND OTHERS IN IT.

RAILWAY OFFICIALS MEET

PENNSYLVANIA MASTER MECHANICS GATHER HERE.

The great financial scheme which has for its object the consolidation of the unified Gould interests with those of William Rockefeller, Harriman, Kuhn Leeb & Co. and others seems to be in a fair way to be carried to a consummation.

The scheme has been discussed pretty thoroughly by the newspapers and all of the Sentinel readers are familiar with it. This morning the Sentinel received an Associated Press dispatch which reads as follows:

New York, March 26.—George Gould's plan to become the head of a combination of railroads capitalized at $300,000,000 is progressing favorably, says the World. His plan, the World adds, meets with the approval and has the co-operation of J. Pierpont Morgan, the Rockefellers and the Harriman syndicate.

KILLED A BRAKEMAN.

Pennsylvania train 32, from the western division of the Pittsburg road, struck and instantly killed a brakeman by the name of Walter Stanley at Crestline, Ohio, yesterday. Engineer Charles Somers was at the throttle of the engine which struck the brakeman and witnessed the accident, though no blame can be attached to him. Stanley worked on the eastern division of the road and was waiting for No. 32 to get out of the way, when his train was to pull out for the east. He was standing on the right of the tracks when No. 32 came near him and Engineer Somers heard him call to a comrade, "Here comes No. 32; we'll follow her." As he said this, Stanley started to run across the tracks to his own train, but was not quick enough. The deceased was pretty well known to all the Fort Wayne trainmen who run into Crestline.

RAILWAY OFFICIALS MEET.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, called the master mechanics of the northwestern system of the Pennsylvania to his office today for an exchange of ideas and a general discussion of matters pertaining to the motive power and mechanical departments. The following master mechanics were present at the meeting: B. Fitzpatrick, Fort Wayne; J. D. Harris, Wellsville; T. B. Hunt, Chicago; W. F. Beardsley, Crestline, and G. F. Sweeley, Allegheny. Tomorrow Mr. Crawford will meet the road foremen of engineers for a similar purpose. Those who will be here are Frank Ray, eastern division of the Fort Wayne line; C. R. Colmey, of western division; F. C. Thomas, Cleveland and Pittsburg; C. Ewing, Toledo; M. J. McCullough, Marietta; T. L. Bailey, Erie and Ashtabula, and R. J. Lyons, assistant of western division.

CONCERNING BAGGAGE.

The rules of the General Laggage Agents' association concerning the transportation of corpses have been adopted as law by the states of Virginia and South Carolina, and the committee in charge of the matter is making progress toward a similar result in other states. The committee appointed to find out whether express rates are less than baggage rates, to the detriment of the baggage department, reported to the recent convention that except between some of the larger cities, where there is a long haul, express rates are not more advantageous to salesmen with large quantities of baggage than are the express baggage rates. In the west and southwest express rates are in many cases higher than baggage rates. In a discussion on a question submitted by the Michigan Passenger association, it appears that theatrical companies sometimes send their baggage by railroad and then send the passengers by electric line. One or two passengers buy a ticket, go by the railroad and accompany the baggage, while all the rest of the members of the company go by some other conveyance. To those who wished to know whether this trick of the theatrical managers could be circumvented it was said that each passenger representing extra baggage should be made to prove his individual ownership of the baggage.

BOUGHT BASS BOILERS.

A party of gentlemen who represent the Home Light and Heating company, of Elkhart, Ind., were in the city today and before leaving for their homes they placed an order with the Bass Foundry and Machine company for three 175-horse power high-pressure horizontal tubular boilers, which are to become a part of a big electric light plant at Elkhart. The deal was conducted by George T. Ladd, the Bass company's salesman, and it involves several hundred dollars. The Bass boiler shop is well supplied with orders for boilers and the men therein employed need not fear a lay off for many months, even if no more new work comes in.

BIG LOCOMOTIVE PLANT SOLD.

New York, March 26.—New York capitalists today closed a deal by which the Rogers Locomotive works at Paterson were bought outright. What was the price paid and who were the purchasers were not made public. William Barbour, one of the receivers, said: "It is impossible for me to make known any of the conditions of the sale. I will say, however, that the sale is practically closed, and that within two or three weeks at the latest the works will be running full capacity and that 2,000 or more men will be employed." Mr. Barbour was asked if the sale was brought about by the co-operative plan which was suggested at the time the works shut down four months ago when all the men employed in the various departments were thrown out of work. "I will say there is no co-operation of workmen nor citizens of Paterson in the purchase of the works," he replied. "The sale will be made to New York capitalists, who think they see not only profit to themselves, but profit to Paterson, by starting the works."

INDUSTRIAL NOTES.

The Wabash pay car will arrive in the city next Friday morning.

C. A. Brocker, an extra fireman on the Nickel Plate, has resigned.

Brakemen J. M. Leykauf and F. B. Tyler, of the Pittsburg, are sick.

James Conroy, of the Wabash blacksmith shop, is sick and off duty.

F. C. Turner, tinner, is sick and absent from duty in the Pittsburg lumber yards.

Machinist Walter Adams, of the Bass works, is in Defiance, Ohio, repairing some machinery.

H. Thieke, who had a foot injured some days ago, resumed his work in the Pittsburg lumber yards this morning.

Master Mechanic G. S. McKee, of the Wabash, is suffering from the effects of a bad cold and was unable to leave his home today.

Frank Lightfoot, treasurer of the Bass Foundry and Machine company, has recovered from an illness which kept him confined to his room over a week.

Louis Knob, Frank Schille, D. Shepler and F. Gallaud, who were on the sick list, reported for work at the Pittsburg round house this morning.

S. B. Zarlmer has been appointed superintendent of the St. Louis division of the Toledo, St. Louis and Western, with headquarters at St. Louis.

Conductor J. F. Vervalen, who had been off duty for three or four days, looking after private business, reported for work on the Nickel Plate yesterday.

W. Heine, who was quarantined three or four weeks on account of diphtheria in his family, resumed his duties in the Pittsburg tank shop this morning.

A. L. Hadley, of the Electric works, has been honored by the American Institute of Electrical Engineers by being elected an active member of the association.

Brakemen A. O. Ward and G. M. Wyatt reported for work on the Pittsburg road yesterday. Mr. Ward had been sick and Mr. Wyatt has been attending the funeral of his father.

J. B. Barnes, general superintendent of motive power of the Wabash, arrived in the city this morning and will spend a day or two here looking after matters connected with that department.

Chief Dispatcher T. J. Rogers, of the Cleveland and Pittsburg division of the Pennsylvania lines, was in the city yesterday on business connected with the transportation department.

Engineers Al Becker and D. T. McFee are sick and Engineers J. A. Swartz and John Cook and Fireman Alonzo Evans are taking a few days' rest. They are employed on the Nickel Plate.

The Carpenters' and Joiners' union has taken on quite a boom. Last night there were a number of applicants initiated and a number of applications presented for consideration. At the present rate of increase it will not be long until nearly every carpenter in the city is a member of the union.

Frank Sweringen, assistant general foreman of the Pittsburg car shops, has leased the Dr. A. J. Kesler dwelling house at 35 East Williams street, and is preparing to move therein.

B. F. McCormick, one of the oldest engineers on the Baltimore and Ohio, was buried on Sunday at Newark, Ohio. Some weeks ago he fell on the ice and injured his skull, which resulted in death.

Among the shipments from the Electric works today were a 750-light dynamo and all the lamps and trimmings for a plant to Bresford, S. D., and a fifteen-horse power motor to Zanesville, O.

Dr. R. Park White was called upon yesterday to remove a chip of steel which had lodged in one of the eyes of Thomas C. Patten, a machinist in the Pittsburg shops. The wound was painful, but it will leave no lasting defect.

Harry Stevens and Joshua Payton have resigned their positions at the Bass machine shops. Mr. Stevens will take a position at the Organ factory and Mr. Payton will work in a brick yard during the summer months.

David Bowers, the contractor, is getting the material on the ground for a house for John H. Payne, on the rear part of the lot at 347 East Wayne street. The house will have five rooms and all the modern improvements.

The Lackawanna is getting ready for Pan-American business. It has just placed an order for fifteen coaches and has requested the Pullman company to assign fifteen sleepers for the service between New York and Buffalo.

The Illinois Central will this year tear down a number of the ancient railroad stations along its line and erect more substantial structures. Of the number will be one at Dixon, Ill., taking the place of the station built in 1854.

The abandonment of the Chicago-St. Paul fast trains has met a vigorous protest from the traveling men, who cannot see why thirteen hours should be consumed in traveling 400 miles. All of the six roads are parties to the agreement.

The Grand Rapids and Indiana road this morning turned over to the Pittsburg road at this point a car load of people from the vicinity of Portland, who are going to North Dakota to form a colony. There were forty adults and about forty children in the party.

Work on the track elevation to be done jointly by the Chicago and Alton, the Illinois Central and the Santa Fe companies in Chicago was commenced yesterday. There will be about four miles of joint elevation. The total cost, as approximated, is $2,065,000.

There is sickness in the family of Pittsburg Conductor Samuel Ruhner and on that account that gentleman has taken leave of absence from his train duties. Conductor S. H. Meyers and Brakeman C. E. Blue, of the same road, are off duty on account of private business.

Conductor C. W. Zeigler resumed a through freight run on the Nickel Plate today, after being in the passenger service since before the holidays. He was in Conductor C. E. Burgess' place, the later being ill with rheumatism. Mr. Burgess has recovered and is again on duty.

A. H. Moffett has been transferred from the southwest to New York, where he will be the general eastern agent of the Chicago, Rock Island and Pacific company. Mr. Moffett has been in continuous railroad service for thirty-five years, fourteen years of the time having been located at Kansas City.

Train No. 410, on the Lake Shore road, struck a buggy at the crossing at New Era, sixteen miles north of this city, yesterday afternoon, tossing the occupant into the ditch, and demolishing the vehicle. Miss Ohie Williams was the occupant. She was considerably bruised and scratched, but not seriously injured.

Concerning the man injured at the Wabash shops a few days ago the Peru Journal says: "J. P. Ryan, of Fort Wayne, who is at the hospital suffering from a broken leg, received while at work Saturday, is getting along as well as can be expected. He will have to lie in one position for several weeks."

The engine and crew, which were working half day and half night in the Nickel Plate yards during the heavy freight movement of the past two weeks, have been taken off until there is a demand for the service again. Engineer Fullerton and Fireman E. V. Whitesell, the engine crew, have returned to the road service.

Boiler Foreman Michael Huntine and Boilermaker Fred Block sustained painful injuries yesterday while assisting in removing the debris from the site of the Kerr Murray shops. Some of the brick from a falling wall struck them. Mr. Block was the most seriously injured, he receiving a severe scrip wound.

The Wabash Railroad company will probably contest, through the courts, the order of Railroad Commissioner Osborne, of Michigan, that it reduce its fares in that state to 2 cents a mile. The company contested last year's order to reduce the fare to 2½ cents, and the case, which will decide the legality of the order, is still pending.

The officials of the Lake Shore road in 1872 were President Horace E. Clark, General Manager J. H. Devereaux, General Superintendent P. D. Cooper, General Freight Agent Addison Hill, General Baggage Agent J. F. Freeman and Superintendent of Telegraph William Kline. With the exception of the two latter, all the above named officials are dead.

Passenger Engineer James McMullen, of the Pittsburg, is taking a lay-off to attend to some private business. Engineers George Ek and Harry Westerman and Firemen O. D. Wingert and J. F. Kring are sick and Fireman H. Hamilton is off duty on account of the death of his little nephew, mention of which was made in the Sentinel yesterday.

It will be a surprise to the shopmates of C. Denehy, a tinner employed in the Pittsburg shops, to hear that he is about to be married. The young lady is Miss Maggie Rayel, of Galion, Ohio, who has frequently visited relatives in this city, and the wedding is set for April 16. Both the prospective groom and bride have kept the matter a secret.

AN ARABIAN REVOLT.

Constantinople, March 26.—The well known Arab sheik Hamid Ed Dil has again raised the standard of revolt against Turkish rule in Yemen, one of the principal divisions of Arabia. The village near Monastier which it was announced yesterday had been burned is named Kruprik. One hundred and seventy houses in the place are reported to have been destroyed by the marauders and a number of the inhabitants, who are made up of Mussulmans and Bulgarians, are said to have been killed.

FOR THE GRIP.

You Have Heard of Many Remedies — Did You Ever Try This One.

Everybody you meet on the streets nowadays either has just had the grip, is coming down with it or has a sure cure for it.

The disease has been a puzzle to physicians ever since its appearance several years ago and it is as much of a puzzle today as it was then. It exhibits such a variety or symptoms in different individuals and leaves such disastrous results after apparent recovery, that as yet its prevention and cure has baffled medical science.

However, there is no doubt but that the grip is catarrhal in character, and the leading symptom in nearly every case is increased secretion in the head and throat, in fact the first indications of lagrippe are those of a cold in the head which extends to the throat and lungs.

Dr. Johnson Ames advises as the safest course to pursue on the first appearance of grip symptoms to keep to the house for a day or two and take Stuart's Catarrh Tablets every hour the first day and every two hours the following day and states that this will break up the trouble before it becomes deep seated.

These catarrh tablets are antiseptic and harmless and prevent fever and the further development of grip germs and ward off the ever-present danger of pneumonia.

Dr. Gerald Simpson says: "I have found Stuart's Catarrh Tablets a pleasant and thoroughly reliable remedy for the grip, especially with elderly people with whom this prevailing disease is always dangerous; the tablets can be found at any drug store and if used freely during the first few days of the attack will break it up."

Lagrippe is a catarrhal affection, the germs are in the air and no one is proof against it, but the timely use of Stuart's Catarrh Tablets will prevent any serious results.

BUSINESS OPPORTUNITY.

I have just been granted a broad patent on Sanitary Tooth Brush Holder, the best novelty in the market. Owing to my inability to work it, having business in the east to attend to, I will sell Indiana, Michigan and Illinois to good, enterprising hustler. This will bear investigation and a money maker. About $2,000 required to push to a successful issue.

W. E. VAN AME.

Easter-Tide Suits.

Every gentleman wants his spring suit ready for Easter. He wants it to be as perfect in fit, as well made and attractive as possible. Some men forget until late about placing the order for the clothes. They then expect the tailor to rush them through and give them clothes that are perfect. We do all the rushing we can; give you every advantage of hustle and turn out your suit in the Maulner style.

A GENEROUS GIFT.

A member of Grace Reformed church, who desires that the name should not be mentioned, has given the sum of $1,000 to the church, to be used to liquidate the debt against it. Some time ago it was determined to raise sufficient money to pay off the entire indebtedness and the announcement of the generous gift, made by Rev. Zartman, on Sunday morning, was a pleasant surprise for the congregation. The sum of $600 has already been paid, and the balance is forthcoming soon. A canvass of the congregation will be made and efforts will be made to raise a like sum so that the indebtedness can be wiped out.

S. M. Foster left for New York city last evening.

W. L. DOUGLAS
BROCKTON, MASS.
THE BEST $3.50 SHOE IN THE WORLD FOR MEN.
FAST COLOR EYELETS AND ROBITE FAST COLOR HOOKS USED EXCLUSIVELY.

My large business permits me to buy the same high grade leathers used in high priced shoes, at a lower price than smaller manufacturers; and also to reduce the cost of manufacturing. This combined with my system of abolishing the middleman's profits, by selling through my retail stores direct from factory to wearer at one profit, has enabled me to place my $3.50 shoes on the feet of thousands of men who had been paying higher prices for their shoes, believing it was not possible to get a first class shoe for $3.50. I have convinced them that the style, fit and wear of my $3.50 shoes is equal to those that cost them much higher prices.

63 Douglas Stores in American Cities. Shoes sent by mail from factory to any address for $3.75. New Spring Catalog free.

I make and sell more men's fine shoes, Goodyear Welt (Hand-Sewed Process) than any other manufacturer in the world. I will pay $1,000 to any one who can prove that my statement is not true. (Signed) W. L. DOUGLAS.

HELD A POST-MORTEM.

In the case of the Hamilton child, reported to have been under the care of regular physicians and subsequently turned over to Christian Scientists practitioners, a post-mortem examination has been made. A burial permit was refused, the physicians first having had charge of the case declining to make a death certificate, whereupon the matter was brought to the attention of Health Officer Proegler. He ordered a post-mortem which was made by Drs. Porter and Barnett and they found that death resulted from dropsy, superinduced by scarlet fever. A private funeral was ordered by Dr. Proegler.
